1. INTRODUCTION

The South San Luis Obispo County Sanitation District (the “District”) is a special district that provides wastewater treatment services to the communities of Arroyo Grande, Grover Beach, and Oceano. The District is located in southwestern San Luis Obispo County, California approximately 15 miles south of the City of San Luis Obispo. The District serves a population of roughly 38,000 as well as commercial, industrial, and institutional accounts within its service area.

The District was formed in 1963 and is governed by a three-member Board of Directors (the “Board”) who are appointed by the governing bodies of its three member agencies: the Cities of Arroyo Grande and Grover Beach, and the Oceano Community Services District. Following the completion of a Wastewater Financial Plan & Rate Study dated February 17, 2016 and a noticed public hearing in compliance with the requirements of the California Constitution Article 13D (Proposition 218), the Board adopted new rates to meet the District’s funding needs.

The Board desires to place the wastewater treatment charges for the service area within the Oceano Community Services District on the San Luis Obispo County tax rolls beginning with the levy for the 2016/17 fiscal year. The Cities of Arroyo Grande and Grover Beach will continue to bill on behalf of the District at this time.

The Wastewater Treatment Service Charge is levied pursuant to the California Health and Safety Code, Sections 5471 et seq. Payment of the Wastewater Treatment Service Charge for each parcel will be made in the same manner and at the same time as payments are made for property taxes. This report contains the necessary data required to establish the Wastewater Treatment Service Charge and is submitted to the Board Secretary for filing in the office of the Board Secretary where it shall remain open for public inspection.

2. WASTEWATER TREATMENT RATES

To provide the revenue to keep up with the increase in projected revenue needs, the District adopted a wastewater treatment rate increase for the next five years. Residential users will continue to pay a flat monthly charge per dwelling unit, and nonresidential users will pay a fixed monthly charge that varies by specific factors, listed below. The following table shows the adopted rates:
