Ctoff Donout

Staff Report

To: Board of Directors

From: Richard G. Sweet, PE, District Manager

Date: August 19, 2015

Subject: DISTRICT BILLING OPTIONS

RECOMMENDATION

That the Board review billing options for collecting sewer fees from District customers within the Oceano Community Services District.

BACKGROUND

In May of this year questions arose pertaining to the ability of the OCSD to justify their cost to the District for billing and collection services. At the June 3, 2015 Board meeting, the Board directed that member agencies not be paid for billing services pending and billing options be presented to the Board.

At the June 17, 2015 Board, meeting the Board directed that pending payments to Member agencies are paid and that the District Manager engage in discussions with Member Agencies to define standards, practices and costs to provide billing services and to develop agreements with each member agency for provision of billing services.

At the July 1, 2015 Board meeting, the Board considered options for billing services during the period in which negotiations with member agencies are underway. The Board authorized District Legal Counsel to begin investigation and analysis of all legally feasible options for customer billing and to make no commitments in the interim period.

On July 10, 2015 the District received correspondence from the OCSD indicating that lacking an agreement between the District and the OCSD for billing processing and collection, the OCSD would no longer be able to provide these services on behalf of the District. The OCSD offered to continue these services at the rate of \$3,666 per two-month billing period. In addition, the OCSD provided a line item justification for the amount charged. To facilitate implementation of billing services prior to the critical date of August 1st (the date of the start of the next billing cycle) and to avoid the loss of funds

to the District, the OCSD offered to hold a special meeting on July 17, 2015 to act on a proposed agreement with the District.

At the July 15, 2015 Board meeting, the Board considered and declined to enter into a short-term agreement with OCSD. A copy of the July 15, 2015 staff report, which contains attachments regarding all other items presented to the Board regarding this matter, is attached. The Board further directed the District Manager to bring a range of options to the Board for their consideration at the August 19, 2015 Board meeting.

On August 1, 2015 new billings for the OCSD were mailed out. OCSD did not include charges due the District for sewer and wastewater treatment services. The billing included the following statement.

"The South San Luis Obispo County Sanitation District provides wastewater treatment and disposal for Oceano, Grover Beach and Arroyo Grande. Recently the Sanitation District has decided to no longer use OCSD billing services to collect their customer bills. Your enclosed bill no longer has an item for "San District". If you are interested in how the Sanitation District will now bill you for their services please contact the Sanitation District at 805-489-6666. The agenda items on this issue approved by the publicly elected OCSD Board to continue services can be viewed at www.oceanocsd.org for the Board Meetings of May 27, 2015 and June 10, 2015."

At the August 5, 2015 Board meeting The Board expressed its displeasure with the decision of the OCSD and directed that options for billing the District's customers that reside in OCSD be presented at the August 19, 2015 Board meeting. The Board also directed that post cards be mailed to District customers that reside within the OCSD. The following language was crafted for distribution in a post card mailing that will occur later this week or early next week.

The South San Luis Obispo County Sanitation District ("District") is the County Sanitation District authorized to provide wastewater services pursuant to the County Sanitation District Act (Health & Saf. Code section 4700 et seq.) and to bill its customers for those services. (Health & Saf. Code §§ 4741.7, 5471.) The District is in the process of modifying its billing procedures for the period commencing on August 1, 2015. Accordingly, the next bill you receive may include more than one month of services. If you have any questions please contact Amy Simpson at (805) 489-6666.

DISCUSSION

Three primary options have been evaluated. They are:

- The District assumes the duties of all billing functions
- The District places the cost of sewer services on the County property tax rolls
- The District utilizes the services of the member agencies for all billing functions

<u>District Assumes Duties of All Billing Functions</u>

The goal of defining a billing system is to attempt to develop a scenario where essential billings functions are maintained and there are as little as possible additional District personnel resources assigned to the billing effort. There are three primary functions that constitute a billing system. These are:

- Operating the customer database. This involves recording billing receipts keeping customer records, defining delinquent accounts, maintaining change of account information, maintaining account balances and responding to customer questions. The operator of the database will be responsible for owning, operating and maintaining the software required for this service. In addition, online billing is available with an additional service fee per transaction.
- Distribution of customer billing and delinquency notices. This entails
 receiving information from the customer database and creating billing and
 delinquency notices with detachable return receipts and bar codes. Return
 envelopes are included in this service. This service also includes cost of
 mailing.
- Assembling payments, distributing receipts and coordinating
 information with customer database. Payments will be sent to a post office
 box and collected daily. The payments will then be assigned to a customer
 account. Records of payment will be transmitted to the customer database
 operator. Total receipts collected will be electronically transmitted to a District
 account.

The District plant is defined as a secure facility within the Federal Homeland Security Act. Therefore the general public is not allowed to access the District facility. This prohibits such services as paying for bills by cash in person, working with a District employee face to face to resolve a billing issue and changing service information in person. It is assumed that District staff will be required to respond to a significantly greater volume of phone calls to resolve billing issues.

If the District Board immediately directs staff to proceed without further review, the billing system can be in place by October 1, 2015.

The estimated costs reflect a two-month billing cycle. The estimated costs have been derived from estimates provided from vendors that specialize in each of the three services. Because effective electronic data coordination is essential to creating an operating billing system, estimates from vendors who have a history of coordinating with each other have been utilized. These costs do not include the addition of any additional District personnel resources that may be required to offset additional issues.

Service/Cost	Annual Cost	Bi-Monthly Cost
Customer Database	\$11,000	\$1,833.33
Distribution of Billing	\$13,200	\$2,200.00
Assembling Payments	\$ 4,800	\$ 800.00
Total	\$29,000	\$4,833.00

The District Places the Cost of Sewer Services on the County Property Tax Rolls

The District may also opt to collect sanitation charges on the county tax roll.¹ In exchange for providing this service, the County places a \$2.00 charge on the tax bill for each identified parcel. Depending on the state of the District's records, the County estimates that this process could take between 3-4 months. The deadline to comply with all requirements and submit the required report to the County Auditor in order to put the District's sanitation charges on the 2015/2016 fiscal year tax roll was August 10, 2015. In order to meet this deadline, the District would have had to begin this process in early May of this year.²

The following section provides an overview of the various statutory and County-specific requirements and deadlines the District must comply with in order to add sanitation charges to the County tax roll:

- **Adoption of Ordinance.** The first step is for the District to adopt an ordinance electing to collect its sanitation charges on the county tax roll.
- Submit Request for New Fund Numbers to County Auditor's Office by Mid-June. All new direct charges require the creation of a new fund in the property tax system. Therefore, the District must submit a request to the County to create a new fund before it is authorized to submit any direct charges. The District's request must be accompanied by the approved ordinance electing to have the District's charges be collected on the county tax roll. Although June 15 is the deadline for submittal of requests for new funds, the County requests submissions by the end of April in order to ensure that the County has sufficient advance notice to perform all of the necessary steps prior to any charges being added to the tax bill.
- Prepare Report Identifying Parcels and Charges. The District must prepare a
 report that contains a description of each parcel of real property (i.e., the APN
 number) and the amount of the charge for each parcel. This Report must be filed
 with the District's clerk.
- Notice of Filing of Report and of Time and Place of Public Hearing. Before
 the District may have sanitation charges collected on the County tax roll for the
 first time, the District must mail a notice to each owner of a parcel identified in the

-

¹ The District can also elect to add delinquent charges to the county tax roll. Therefore, the District may want to consider adding any delinquent charges to the county tax roll when and if it decides to pursue this option next year.

² Staff was not directed to research billing options until the District's Board Meeting on July 1, 2015.

Report. The notice must state that the Report has been filed and also provide information on the time and place of the public hearing to consider adoption of the Report. The District must also provide notice of the filing of the Report and of the time and place of the public hearing pursuant to Section 6066 of the Government Code.

- Public Hearing on Report. The District must hold a public hearing to consider
 whether to adopt the Report and to hear all objections and protests. The District
 cannot adopt the Report if it finds that a majority of the owners of the individual
 parcels of property described in the Report have submitted protests. If the
 majority threshold is not reached, the District may vote to adopt the Report.
- Submission of Approved Report to County by mid-July. The District must submit the adopted Report to the County Auditor by mid-July together with a resolution adopted at the public hearing. Submission by this date allows both the County and the District to ensure that everything is correct and in place by the August 10 statutory deadline.
- Finalize all Charges to be Collected on County Tax Roll by August 10. By August 10 of each year, the District must finalize all charges to be placed on the County tax roll. Any changes after this date may not be possible, and if they are, result in a \$36.00 per change charge.

District staff has been communicating with the County Auditor's office regarding these various steps and requirements. During these communications, the County Auditor's office provided us with names of consultants that specialize in placing local agency's service charges on county tax rolls across California. Pursuant to this, we have begun speaking with NBS Consulting, who has provided us with an estimated budget. NBS has stated that it would cost approximately \$10,000.00 for a one-time set up fee to assist with getting everything in place. There would then be a \$3,500.00 annual maintenance fee to place the charges on the county tax roll. These tasks would be completed in time to put the District's sanitation charges on the County's tax roll for the 2016/2017 fiscal year.

The District Utilizes the Services of the Member Agencies for All Billing Functions

The OCSD has offered to perform complete billing services for the District for \$22,000 annually or \$3,666 per two-month billing cycle. Recent discussions with OCSD indicate that the OCSD would consider offering the District the added service of collecting connection fees for new connections. Collecting new connection fees for new services in the OCSD is a service that would be very beneficial to the District. The OCSD would also consider including the missed charges due on the August 1st billing in the October billing for the same two-month billing charge of \$3,666.

Implementation Discussion

The total annual cost to the District for collecting the sewer fees through the property tax is the annual set up charge of \$3,500. This compares to the present total annual

charge from the Member agencies of \$54,000. It would seem prudent to pursue placing the District's fees on the tax roll starting in the 2015/16 FY.

The question is what should the District do to collect sewer fees from the OCSD in the interim period. Implementation of a District operated billing system would engage significant District resources to initiate and it is more costly then the service offered by the OCSD. The service offered by OCSD allows for cash payments, and face-to-face discussions with a billing clerk. These are services that the District cannot provide in the present District facilities. If the Board wishes to utilize the OCSD for billing services it should direct staff to bring an agreement with the OCSD before the Board at the September 2, 2015 Board meeting.

Staff Report

To: Board of Directors

From: Richard G. Sweet, PE, District Manager

Date: July 15, 2015

Subject: SHORT TERM AGREEMENT WITH OCEANO COMMUNITY SERVICES

DISTRICT (OCSD) FOR BILLING AND COLLECTION SERVICES

RECOMMENDATION

That the Board approves a short-term agreement with the Oceano Community Services District (OCSD) for billing and collection services.

BACKGROUND

In May of this year questions arose pertaining to the ability of the OCSD to justify their cost to the District for billing and collection services. At the June 3, 2015 Board meeting, the Board directed that member agencies not be paid for billing services pending, that member agencies provide justification for their costs and billing options be presented to the Board.

At the June 17, 2015 Board Meeting, the Board directed that pending payments to member agencies be paid and that the District Manager engage in discussions with Member Agencies to define standards, practices and costs to provide billing services and to develop agreements with each member agency for provision of billing services (copy of staff report attached).

At the July 1, 2015 Board Meeting, the Board considered options for billing services during the period in which negotiations with member agencies are underway in order to ensure that the District would continue to receive revenue from customer's historically billed by OCSD. The Board authorized District Legal Counsel to begin investigation and analysis of all legally feasible options for customer billing but to make no commitments in the interim period (copy of staff report attached).

On July 10, 2015 the District received correspondence from the OCSD indicating that, lacking an agreement between the District and the OCSD for billing processing and

collection, the OCSD would no longer be able to provide these services on behalf of the District (copy of letter attached). The OCSD offered to continue these services at the rate of \$3,666.00 per two-month billing period. In addition, as requested by the Board, the OCSD provided a line item justification for the amount charged. To facilitate implementation of billing services prior to the critical date of August 1 (the date of the start of the next billing cycle) and to avoid the loss of funds to the District, the OCSD is willing to hold a special meeting on July 17, 2015 to act on a proposed agreement with the District.

DISCUSSION

In response to the letter from the OCSD, District Counsel has drafted an agreement (copy attached) that:

- Requires the OCSD to participate in negotiations with the District and the other member agencies to negotiate terms of an agreement to define standards, practices and costs to provide billing services.
- Limits the term of the agreement to two months.
- Provides a 30-day termination notice.
- Compensates the OCSD at the justified amount proposed.

The District receives approximately \$3 million in annual revenue from the member agencies for regional collection and treatment of wastewater. Of that \$3 million in annual revenue, approximately \$500,000 is derived from customers residing within the OCSD. Revenues collected are utilized for operations, capital replacement and future capital projects. There are no reserve funds and all funds are programmed for eventual expenditure. It is therefore important that all anticipated funds be collected to offset the costs of the District and to fund the District's adopted budget. For instance, if the District chooses to not collect from the OCSD for a two-month period the resulting loss in revenue would be approximately \$84,000. This \$84,000 would need to be replaced by billing the entirety of the District's customers. This would result in an additional eventual charge to each customer of \$6.00.

Options

1. Decline to approve the short-term agreement for billing services with the OCSD.

C. CC D

Staff Report

To: Board of Directors

From: Richard Sweet, PE, District Manager

Date: June 17, 2015

Subject: MEMBER AGENCY PAYMENTS FOR BILLING SERVICES;

AGREEMENT WITH OCEANO COMMUNITY SERVICES DISTRICT (OCSD); REQUEST TO AUTHORIZE PAYMENTS TO MEMBER AGENCIES; REQUEST TO ENGAGE IN DISCUSSIONS WITH

MEMBER AGENCIES

RECOMMENDATION:

 That the Board review the history and status of Member Agency payments for Billing Services;

- 2. Approve executing the proposed agreement with the OCSD revising the term of the agreement to ninety days;
- 3. Approve payments to the member agencies in amounts billed to the District for the 2014-15 fiscal year;
- 4. And direct the District Manager to engage in discussions with the Member Agencies to define standards, practices and costs to provide billing services and to develop agreements with each member agency for provision of billing services.

BACKGROUND:

The agencies that presently form the District are the Oceano Community Services District (OCSD) and the Cities of Arroyo Grande and Grover Beach. These agencies will be referred to as the member agencies (MA's). For many years the MA's have billed their customers for the wastewater treatment and conveyance services that the District provides. The District has compensated the MA's for this service. In 2012, there were discussions between the OCSD and the District regarding the amount that the District compensated the OCSD for these services. Attached, please find an October, 2012 staff report that discusses the situation at that time.

Apparently there were subsequent discussions with MA's that resulted in a change in requested payments by MA's for billing services. The District cannot locate any agreements with MA's that document the terms of these payments. Below is a table that provides a history of the payments to MA's.

Year/Agency	Arroyo Grande	Grover Beach	OCSD
2009-10	\$13,278	\$2,259	\$4,930
2010-11	\$12,813	\$2,262	\$4,930
2011-12	\$12,497	\$4,000	\$4,930
2012-13	\$12,316	\$9,000	\$4,930
2013-14	\$12,097	\$20,000	\$22,000
2014-15	\$12,030	\$20,000	\$22,000

Payments identified in the 2014-15 fiscal year (FY) for City of Grover Beach and OCSD represent total requested payments. Payment to OCSD for the second half of the 2014-15 FY (\$11,000) has been requested by OCSD but has not been authorized by the Board. The bill from Grover Beach for the 2014-15 FY has not yet been received but is anticipated in the amount noted (\$20,000).

Payments to the MA's are accomplished in two different ways. The City of Grover Beach and OCSD submit bills to the District. The District subsequently processes the bills through the normal process of placing the bills on the warrant register for Board approval. The City of Arroyo Grande withholds their payments from revenues received.

The projected annual revenue received from each of the MA's and the approximate number of services is listed below.

Agency	Arroyo Grande	Grover Beach	OCSD
Services	6,500	4,800	2,500
Projected Revenue	\$1,440,500	\$1,050,000	\$500,000

At the District Board meeting of June 3, 2015, the Board considered a request for payment from the OCSD for the second half of the 2014-15 FY for \$11,000 and declined to authorize payment of this amount prior to substantiation of the request.

At the OCSD Board meeting of June 10, 2015, the OCSD acted on a proposed agreement, copy attached with cover letter, with the SSLOCSD that requires that the SSLOCSD pay the OCSD the pending \$11,000 and continue to pay the OCSD an annual fee of \$22,000 for billing of the OCSD's customers. Failure to execute the agreement will result in the OCSD failing to continue to bill the SSLOCSD customers after July 1, 2015.

DISCUSSION:

The recent history of how the payments are established to each MA is unclear. The City of Grover Beach has shared the method that they utilized to determine the cost to the District. This method is attached. The method is identified as, "Used by Arroyo Grande." There are no agreements between the District and the MA's indentifying payments, methods or terms by which each party performs. Development of

agreements would require a negotiation process. It is anticipated that this process would take, at least, ninety days.

Given that the OCSD has presented the District with an agreement whereby the terms require the District to pay the present OCSD balance of \$11,000 and enter into a year long contract to continue to bill and collect revenue for the District, there is an immediate need to reach a conclusion on this issue to continue to collect revenue. The approximate monthly revenue that can be anticipated from the OCSD is \$42,000 (1.25% of projected annual District revenue). To maintain the revenue stream and provide ample time to develop a mutually acceptable agreement it may be possible to execute the proposed agreement for a period of ninety days. The OCSD has stressed that for consideration of any such counter offer, the District must pay the present due amount of \$11,000.

Options

- The District decline to pay pending and anticipated bills from the OCSD, and Grover Beach for billing service for the 2014-15 fiscal year and negotiate terms of an agreement for billing services. This may reduce the District's revenue stream.
- 2. That the District decline to pay pending bills from the OCSD, decline to enter into the proposed agreement from the OCSD and negotiate terms of an agreement for billing services. This may reduce the District's revenue stream.
- The District negotiates short-term agreements with MA's and evaluates and subsequently pursues an alternate billing method such as collection through property tax.

Richard G. Sweet, PE District Manager

Cover Letter an Proposed Agreement from OCSD Analysis of Sanitation District Costs from Grover Beach

SOUTH SAN LUIS OBISPO COUNTY SANITATION DISTRICT

Post Office Box 339 Oceano, California 93475-0339 1600 Aloha Oceano, California 93445-9735 Telephone (805) 489-6666 FAX (805) 489-2765 www.sslocsd.org

Staff Report

To: Board of Directors

From: Richard Sweet, PE, District Manager

Date: July 1, 2015

Subject: CONSIDERATION OF INTERIM OPTIONS REGARDING OCSD'S

REQUESTED PAYMENT OF DISTRICT CUSTOMER BILLING SERVICES RENDERED FOR THE PERIOD COMMENCING JULY

1, 2015

RECOMMENDATION:

Staff recommends that the Board consider the options set forth in this staff report and direct staff how to proceed.

BACKGROUND:

At the Board meeting of June 17, 2015, staff presented the Board with background on the District's payments to member agencies for billing services. As stated in the staff report for that meeting, for many years the District's member agencies (Oceano Community Services District (OCSD) and the Cities of Arroyo Grande and Grover Beach) have billed their customers for the wastewater treatment and conveyance services that the District provides. In return, the District has compensated the member agencies for this service. Since 2013, the District has paid approximately \$12,000/year to the City of Arroyo Grande, \$20,000/year to the City of Grover Beach, and \$22,000/year to OCSD for these services. The per customer rate for each member is different.

At the Board meeting of June 17, 2015, the Board directed staff to negotiate with member agencies in order to develop a written agreement outlining the billing fees and costs going forward.

This item—consideration of interim options—has been placed on the July 1, 2015 agenda based on the Board's direction at the June 17, 2015 Board Meeting and staff's subsequent discussions with OCSD's general counsel regarding billing services beginning July 1, 2015. The urgency of this item is that OCSD has requested that the

District agree to reimburse OCSD for its billing services commencing July 1, 2015. The July 1 Board Meeting provides the only opportunity to timely address this issue.

DISCUSSION:

Acknowledging the importance of this issue to the District, staff has split discussion and consideration of member agency billing into two separate phases.

Phase 1

The first phase, which will be presented at the July 1, 2015 Board meeting, will consider interim options for reimbursement for billing services undertaken during the period between July 1, 2015 and execution of a written agreement with each of the member agencies providing service. These options include:

Option 1: Authorize the District Manager to enter into a letter agreement with all three (3) members that the District will continue to pay each member at the member's current annual rate, pro-rated monthly for the period July 1 – August 31, 2015. For OCSD, the pro-rated amount for the two-month period would be approximately \$3,666.00.If an agreement is reached among the parties by August 31, 2015, the agreement may provide that the agreed-upon rate would apply retroactively to July 1, 2015. OCSD's legal counsel has expressed that OCSD would be willing to continue billing the District's customers under this arrangement.

Option 2: Authorize the District Manager to set aside a reasonable amount of funds in a District reserve account to pay for the costs of all customer billing services provided by the members to the District for the period beginning July 1, 2015 and until such time as a long-term agreement is negotiated with the member agencies or an alternative method of billing is established. This option would require a future agreement between the District and the billing parties regarding the rate to be applied for the period beginning July 1, 2015. It is unknown whether OCSD would support this option.

Option 3: Investigate all legally feasible options for billing services beginning July 1, 2015, but make no commitments for the interim period. Under this option, the District would proceed without considering how to pay for billing services rendered by member agencies in the case that a negotiated agreement is not reached. This option risks OCSD refusing to provide continued billing services for the period beginning July 1, 2015 without the District's commitment to pay OCSD for services rendered.

Phase 2

The second phase would involve a broader investigation and analysis of the District's customer billing issue. In order to prepare for this discussion, district counsel has begun researching the District's various options for collecting fees for the District's services, including the possibility of having the County collect the District's fees on the property tax rolls, and negotiating an agreement with all member agencies. These options, among others, will be presented to the Board at a later Board meeting.

Options

- 1. Authorize the District Manager to enter into a letter agreement with all three (3) member agencies to continue paying each agency at the current rate for the interim period of July 1, 2015 -- September 1, 2015. In the event a long-term agreement with the three agencies is achieved prior to September 1, 2015, the agreement may provide for an alternative payment for the interim period.
- 2. Authorize the District Manager to set aside a reasonable amount of funds in a reserve account to pay for the costs of billing services rendered on behalf of the District until such time as a long-term agreement is reached.
- 3. Begin investigation and analysis of legally feasible options for customer billing, but make no commitments for the interim period.

Re:

Follow up on Correspondence dated June 10, 2015

Lapse in Offer by Oceano CSD (OCSD) Board of Directors Consideration of an Offer if tendered by the Sanitation District

Dear Mr. Sweet:

On June 11, 2015, I delivered to you a letter approved by the OCSD Board of Directors (Board) at their meeting of June 10, 2015, which included an offer to continue billing services to the Sanitation District for fiscal year 2015-16. The proposed offer was extended to July 1, 2015 and is now expired. This correspondence is being provided to you with the understanding that your Board provided direction to Sanitation District staff to develop recommendations on how the Sanitation District might perform or otherwise secure billing services.

With the lapse of the OCSD Board's offer and no action by the Sanitation District Board for the OCSD Board to consider, our Board has been informed by legal counsel that OCSD staff lacks authority to continue billing services for the Sanitation District without a written agreement approved by our governing boards.

In order to assist you with development of potential recommendations to your Board, OCSD legal counsel and I met with you and Sanitation District legal counsel on Friday, June 10, 2015. At this meeting, I reviewed the enclosed document with you and your legal counsel. As we all discussed and understood at our meeting, this draft document was prepared less than 24 hours before our meeting because time is of the essence. The next OCSD billing will be sent to customers before the end of this month. Pending action by your Board, the OCSD Board is prepared to hold a special meeting on Friday, June 17, 2015 to consider any offer that your Board might provide.

Oceano Community Services District

Board of Directors Meeting

Without knowledge of what you may recommend to your Board, I affirm that I will continue to recommend that the billing services should be provided in the amount (\$3,666 per billing period) previously negotiated by the general managers who preceded us until such time that a different amount might be agreed upon. The attachment should be considered as a basis to initiate further negotiations. To the extent that your Board provides an agreement and offer, and if approved by the OCSD Board, customers will continue to be billed based on amounts as provided by the Sanitation District pursuant to the Sanitation District's current authorized rate structure.

Please contact me should you have any questions in this regard.

SHORT-TERM AGREEMENT FOR BILLING SERVICES

THIS SHORT-TERM AGREEMENT FOR BILLING SERVICES ("Agreement") is made and effective as of the ___ of July, 2015 ("Effective Date") by and between the SOUTH SAN LUIS OBISPO COUNTY SANITATION DISTRICT, a county sanitation district ("SSLOCSD"), and OCEANO COMMUNITY SERVICES DISTRICT, a community services district ("OCSD") (collectively, the "Parties") at Arroyo Grande, California.

WHEREAS, OCSD has provided bi-monthly customer billing services ("Billing Services") to SSLOCSD rate payers within its jurisdiction for many years; and

WHEREAS, SSLOCSD desires that OCSD continue to provide these Billing Services on a short-term basis; and

WHEREAS, OCSD agrees to provide continued Billing Services to SSLOCSD as provided in this Agreement; and

WHEREAS, in good faith, the Parties agree to participate in negotiations with SSLOCSD and the other member agencies to negotiate terms of a long-term agreement to define standards, practices and costs to provide Billing Services; and

WHEREAS, the Parties understand and agree that Billing Services do not include any ancillary services such as billing for the collection of connection fees or other fees or costs that will be billed and collected directly by SSLOCSD.

NOW, THEREFORE, in consideration of the mutual covenants and conditions set forth herein, the sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. INCORPORATION OF RECITALS.

1.1 <u>Incorporation of Recitals.</u> SSLOCSD and OCSD agree the foregoing Recitals are true and correct and are hereby incorporated by reference.

2. **SERVICES.**

- 2.1 <u>Services</u>. OCSD agrees to continue to bill SSLOCSD customers who are also OCSD customers for the services provided by SSLOCSD to such customers and to remit payment received from the charges billed to SSLOCSD on a bi-monthly basis. It is the intention of the Parties that OCSD services pursuant to this paragraph shall be undertaken in the same manner and method as has been done in the past.
- 2.2 <u>Limitation on Services.</u> The Parties agree that Billing Services do not include any ancillary services such as billing for the collection of connection fees or other fees or costs that will be billed and collected directly by SSLOCSD.

3. **TERM**. The initial term of this Agreement shall begin on the Effective Date and shall continue until and including August 31, 2015 ("**Initial Term**") and shall renew automatically for successive two (2) month terms ("**Subsequent Term**(s)"), unless terminated by either Party pursuant to Section 5.

4. **COMPENSATION.**

4.1 <u>Compensation</u>. SSLOCSD agrees to pay OCSD \$3,666.00 ("Service Fee") on the following payment schedule. For the Initial Term, SSLOCSD shall pay OCSD \$3,666.00 on the Effective Date of this Agreement. For each Subsequent Term, SSLOCSD shall pay OCSD \$3,666.00 on the first day of each Subsequent Term. OCSD shall provide SSLOCSD with an invoice for the Service Fee at least fifteen (15) days before each payment is due.

5. **TERMINATION.**

- 5.1 <u>Termination Without Cause</u>. Either party may terminate this Agreement, for any or no reason, upon thirty (30) days written notice to the other party as provided in Section 7.2. In the event of a termination, the date of termination shall be deemed to be the first business day occurring after the expiration of the notice period.
- 5.2 <u>Termination With Cause</u>. Either party may terminate this Agreement by written notice (as provided in Section 7.2) if the other party commits a material breach of this Agreement and fails to cure such breach within thirty (30) days of receipt of said written notice. In the event of a termination, the date of termination shall be deemed to be the first business day occurring after the expiration of the notice period.
- 5.3 <u>Termination Upon Mutual Consent</u>. This Agreement may also be terminated by mutual consent of the Parties and in accordance with the terms and conditions of any plan of termination established by the Parties. In the event of a termination by mutual consent, the date of termination shall be such date as is agreed upon by the Parties. The Parties may agree to suspend or terminate a portion of this Agreement and such suspension or termination shall not make void or invalidate the remainder of this Agreement.
- 5.4 **Payment Upon Termination.** In the event this Agreement is terminated pursuant to this Section, OCSD shall reimburse SSLOCSD for the remaining balance already paid for Services through the end of the current term..

6. **FUTURE NEGOTIATIONS.**

7.1 Agreement to Negotiate in Good Faith. SSLOCSD and OCSD each agree, in good faith, to participate in negotiations with SSLOCSD and the other member agencies to negotiate terms of a long-term agreement to define standards, practices and costs to provide Billing Services.

7. **GENERAL PROVISIONS.**

- 7.1 <u>Further Assurances</u>. SSLOCSD and OCSD each agree to cooperate with one another, to use their best efforts, to act in good faith, and to promptly perform such acts and execute such documents or instruments as are reasonably necessary and proper to consummate the transactions contemplated by this Agreement.
- Notices. All notices, requests, demands and other communications under this Agreement shall be in writing and shall be deemed to have been duly given on the date of service if personally served or on the second day after mailing if mailed by first-class mail, registered or certified, return receipt requested, postage prepaid and properly addressed as follows:

SSLOCSD:

Rick Sweet, District Manager South San Luis Obispo County Sanitation District P.O. Box 339 Oceano, CA 93475

P: (805) 489-6670 F: (805) 489-2765

OCSD:

Paavo Ogren, General Manager Oceano Community Services District 1655 Front St. Oceano, CA 93445 P: (805) 481-6730 F: (805) 481-6836

Any party may change their address for the purpose of this paragraph by giving the other party written notice of the new address in the above manner.

- 7.3 <u>Waiver</u>. No waiver of a provision of this Agreement shall constitute a waiver of any other provision, whether or not similar. No waiver shall constitute a continuing waiver. No waiver shall be binding unless executed in writing by the party making the waiver.
- 12.11 **Force Majeure**. Neither SSLOCSD nor OCSD shall be liable for any delays resulting from circumstances or causes beyond its reasonable control, including, without limitation, fire or other casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority.
- 7.12 <u>Construction of Terms</u>. All parts of this Agreement shall in all cases be construed according to their plain meaning and shall not be construed in favor or against either of the parties. If any term, provision, covenant or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, in whole or in part, the remainder of this Agreement shall remain in full force and effect and shall not be affected, impaired or invalidated thereby. In the event of any provision shall be adjudged invalid, void or unenforceable, the parties hereto agree to enter into a supplemental agreement to effectuate the intent of the parties and the purposes of this Agreement.

- 7.13 <u>Controlling Law</u>. The Parties understand and agree that the laws of the State of California shall govern the rights, obligations, duties and liabilities of the parties to this Agreement and also govern the interpretation of this Agreement, with venue proper only in the County of San Luis Obispo, State of California.
- 7.14 <u>Authorization</u>. All officers and individuals executing this and other documents on behalf of the respective Parties hereby certify and warrant that they have the capacity and have been duly authorized to execute said documents on behalf of the entities indicated.
- 7.15 Entire Agreement. This Agreement constitutes the entire Agreement between the Parties and supersedes all prior and contemporaneous agreements, representations and understandings of the Parties. This Agreement may be altered, amended or modified only by a supplemental writing executed by the Parties to this Agreement and by no other means. Each party waives any future right to claim, contest, or assert that this Agreement was modified, canceled, superseded, or changed by any oral agreement, course of conduct, waiver or estoppel.
- 7.16 <u>Counterparts</u>. This Agreement may be executed in counterparts, each of which shall remain in full force and effect as to each party.
- 7.17 **Severability.** In the event that any term or provision of this Agreement shall be held to be invalid, void or unenforceable, then the remainder of this Agreement shall not be affected, impaired or invalidated, and each such term and provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

IN WITNESS WHEREOF, the parties have executed this Agreement at the place and as of the date first written above.
