AGENDA
BOARD OF DIRECTORS MEETING
City of Arroyo Grande, City Council Chambers
215 East Branch Street
Arroyo Grande, California 93420

Wednesday, June 01, 2016 at 6:00 p.m.

Board Members

John Shoals, Chair
Mary Lucey, Director
Jim Hill, Director

Agencies

City of Grover Beach
Oceano Community Services District
City of Arroyo Grande

Alternate Board Members

Matthew Guerrero, Director
Tim Brown, Director
Barbara Nicolls, Director

Oceano Community Services District
City of Arroyo Grande
City of Grover Beach

-
- 1. CALL TO ORDER AND ROLL CALL**
 - 2. PLEDGE OF ALLEGIANCE**
 - 3. AGENDA REVIEW**
 - 4. PUBLIC COMMENTS ON ITEMS NOT APPEARING ON AGENDA**

This public comment period is an invitation to members of the community to present comments, thoughts or suggestions on matters not scheduled on this agenda. Comments should be limited to those matters which are within the jurisdiction of the District. The Brown Act restricts the Board from taking formal action on matters not published on the agenda. In response to your comments, the Chair or presiding Board Member may:

- Direct Staff to assist or coordinate with you.
- Direct Staff to place your issue or matter on a future Board meeting agenda.

Please adhere to the following procedures when addressing the Board:

- Comments should be limited to three (3) minutes or less.
- Your comments should be directed to the Board as a whole and not directed to individual Board members.
- Slanderous, profane or personal remarks against any Board Member, Staff or member of the audience shall not be permitted.

Any writing or document pertaining to an open-session item on this agenda which is distributed to a majority of the Board after the posting of this agenda will be available for

public inspection at the time the subject writing or document is distributed. The writing or document will be available for public review in the offices of the Oceano CSD, a member agency located at 1655 Front Street, Oceano, California. Consistent with the Americans with Disabilities Act (ADA) and California Government Code §54954.2, requests for disability-related modification or accommodation, including auxiliary aids or services, may be made by a person with a disability who requires modification or accommodation in order to participate at the above referenced public meeting by contacting the District Administrator or Bookkeeper/Secretary at (805) 481-6903. So that the District may address your request in a timely manner, please contact the District two business days in advance of the meeting.

5. CONSENT AGENDA:

The following routine items listed below are scheduled for consideration as a group. Each item is recommended for approval unless noted. Any member of the public who wishes to comment on any Consent Agenda item may do so at this time. Any Board Member may request that any item be withdrawn from the Consent Agenda to permit discussion or to change the recommended course of action. The Board may approve the remainder of the Consent Agenda on one motion.

5A. Approval of Minutes of Meeting of May 04, 2016

5B. Approval of Warrants

5C. Financial Review at April 29, 2016

6. ACTION ITEMS:

6A. Public Hearing and Adoption of Proposed Resolution No. 2016-347, Collecting Fiscal Year 2015-16 from the Community of Oceano Wastewater and Delinquent Charges on the County Property Tax Roll

1. Receive a presentation from District staff on proposed Resolution No. 2016-347;
2. Conduct a public hearing;
3. Determine whether a majority protest exists; and
4. Consider adopting Resolution No. 2016-347 to collect wastewater and delinquent charges on the County Property Tax Roll.

6B. Information Technology Integration into Wastewater Operations

1. Hear a presentation and demonstration of recently completed and deployed IT integration project for our wastewater operations; and
2. Receive and File Report

6C. Proposed Draft Budget - Fiscal Year 2016-17 Budget

1. Receive a presentation on a proposed Draft Budget for Fiscal Year 2016-17 beginning July 1, 2016;
2. Provide staff with Board member feedback and direction, as appropriate; and
3. Direct staff to return to the June 15, 2016 Board meeting with a Final Budget for Fiscal Year 2016-17 for consideration and adoption.

6D. Update on Homeless Issue and Impact of Trash on District and Surrounding Properties.

1. Hear an update on District efforts working with the Oceano neighborhood near our facility, on the homeless and transit population, and the impacts of trash/debris on District and surrounding properties.
2. Direct staff, as appropriate, to expend time and resources to assist with future cleanups.

7. DISTRICT ADMINSTRATOR AND PLANT SUPERINTENDENT’S REPORT

Staff recommends the Board receive and file this report.

8. PUBLIC COMMENT ON CLOSED SESSION

9. CLOSED SESSION

CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION

[Paragraph (1) of subdivision (d) of Government Code Section 54956.9]; (two cases).

(1) South San Luis Obispo County Sanitation District v. State Water Resources Control Board (Superior Court of Sacramento) case number 34-2012-80001209-CU-WM-GDS)

CONFERENCE WITH LABOR NEGOTIATORS

Agency designated representative: (District Administrator)

Employee organization: (Unrepresented employees)

10. RETURN TO OPEN SESSION; REPORT ON CLOSED SESSION

SOUTH SAN LUIS OBISPO COUNTY SANITATION DISTRICT

City of Arroyo Grande, City Council Chambers
215 East Branch Street
Arroyo Grande, California 93420

Minutes of the Meeting of Wednesday May 04, 2016
6 P.M.

1. CALL TO ORDER AND ROLL CALL

Present: Chairman John Shoals, City of Grover Beach; Director Mary Lucey, Oceano Community Services District; Director Jim Hill, City of Arroyo Grande

District Staff in Attendance: Mr. Hubner, District Administrator; John Clemons, Plant Superintendent; Wendy Stockton, District Legal Counsel; Amy Simpson, District Secretary/Bookkeeper

2. FLAG SALUTE

SWEARING-IN CEREMONY

Bookkeeper/Secretary Amy Simpson, administered the Oath of Office to District Administrator Mr. Hubner.

3. PUBLIC COMMENTS ON ITEMS NOT APPEARING ON THE AGENDA

Chairman Shoals opened the public comment period.

Julie Tacker asks the Board to get out of the litigation business and stop giving lawyers business. She spoke to the Oceano complaint against John Clemons and the cost of legal to research the complaint. She requested the Board ask CPS HR Consulting for the resumes and other documents related to hiring a District Administrator. She believes it is unethical to have an attorney texting an alternate during a meeting. She feels it would have been unethical to have Alternate Guerrero sit in Closed Session when the Director of OCSD was at the meeting.

Patty Welsh wants the benefits package on the next agenda. She wanted the District Administrator to be on a probation period. She is upset that a Vice Chairman has not been elected. She would like to see a five member Board. She feels legal counsel texting during the meeting should not be tolerated.

Sharon Brown asked when the Vice Chair will be elected.

Chairman Shoals asked legal counsel about Mr. Hubner's resume.

Legal Counsel confirmed she had responded to Ms. Tacker's request and had nothing further to add.

Chairman Shoals asked staff about the Benefits Package.

District Administrator responded that staff has met several times with our Human Resources consultant. He knows that it is an important priority. The subject matter is complicated because there are vesting and employee relations are involved. The options for revisions to benefits need to be fair, equitable, sustainable, lawful and mindful of labor

relations when they are presented.

Director Hill echoes the request for a timely and thorough benefits package report. He believes Other Post Employment Benefits may be unsustainable. He also requested Mr. Hubner provide a copy of his resume to the District.

Chairman Shoals agreed with requesting a copy of Mr. Hubner's resume.

There being no more public comment, Chairman Shoals closed the public comment period.

4. CONSENT AGENDA

4A. Review and Approval of Minutes of Meeting of April 20, 2016

4B. Review and Approval of Warrants

Chairman Shoals opened the public comment period.

Marc London asks if the Board is prepared to repay the ratepayers for the legal expenses.

Patty Welsh is unhappy with the legal bills. She asked if the John F. Rickenbach invoice had been reviewed.

Julie Tacker asks the Board to expand what the members of the public say in the minutes. She asks that the \$5,000 retainer be removed and the Board pull the John F. Rickenbach warrant until after his Action Item is discussed.

There being no more public comment, Chairman Shoals closed the public comment period.

Director Hill requests that the \$5,000 Downey Brand retainer be removed from the warrant register and that John F. Rickenbach warrant be pulled until after this Action Item is discussed.

Motion: Director Hill made a motion to approve the minutes of April 20, 2016 and the Warrant Register with the exception of the \$5,000 Downey Brand Retainer. And to pull the John F. Rickenbach warrant until after discussion of Action Item 6C.

Second: Director Lucey

Action: Approved unanimously

Director Lucey commended staff on the new format of the Board Agenda Package.

5. ACTION ITEMS:

5A. FISCAL YEAR 2015/16 THIRD (3RD) QUARTER BUDGET PERFORMANCE REVIEW

Mr. Hubner introduced this item with a Power Point presentation. He highlighted the good news that this report shows the District has expended 65% of the budgeted expenditures (at the 75% benchmark) and the District has received 81% of budgeted revenue. He is recommending no budget changes at this time.

The Board appreciated this item not being on Consent Agenda. They appreciated the good news of being at the 65% at the 3rd Quarter. Staff will look to fixing several items that were budgeted too low during the next development budget.

Chairman Shoals opened the item to public comment.

Beatrice Spencer appreciates the review and would like to see the legal fees eliminated.

Julie Tacker congratulated Mr. Clemons for his leadership throughout this time period. She reminded the Board that it is because he charged \$800/month for his services as the Administrator that the District is in a good position.

Chairman Shoals closed the public comment period.

Action: Received and Filed

5B. UPDATE ON EFFORTS TO PLACE DISTRICT'S BILLING SERVICES ON COUNTY TAX ROLL AND POTENTIAL OPTIONS FOR PROCEEDING

Mr. Hubner introduced this report in a power point presentation. He highlighted the chronology of the events, the fiscal considerations, and laid out five different options for consideration to move forward with this item.

Director Lucey reminded the Board and audience that OCSD rate payers are customers of the Sanitation District. OCSD only provides administrative services to the SSLOCSD customers. She also stated that collection on the tax rolls would be hardest on the Oceano customers.

Chairman Shoals asked how to collect the lost revenue of the OCSD customers.

Legal Counsel stated that it could be collected by:

- Filing a small claims suit for every delinquent account; and
- Sending the accounts to a collection agency and receiving a portion of whatever delinquent amounts the agency could collect.

Chairman Shoals confirmed that the Board has taken action two times on this item.

Chairman Shoals opened the item to public comment.

Beatrice Spencer asked if NBS would be charging \$3,500 or \$10,000 for data management. She is in favor of OCSD going to tax roll and AG and GB continue billing as usual.

Ron Arnoldson believes the county tax roll will be more expensive to rate payers and there will be no local control of things.

Patty Welsh is in favor of OCSD on tax roll and AG and GB continue billing as usual.

Sharon Brown asked the Board to be fair and equitable to all stake holders and member agencies. She believes the only options are all three agencies on the tax roll or the hybrid option of OCSD on tax roll and AG and GB continue billing as usual.

Julie Tacker supports putting OCSD on tax roll and AG and GB continue billing as usual. She asks the Board to revisit the \$15,000 flat rate when renegotiating new agreements with AG and GB.

Chairman Shoals closed the public comment period.

Chairman Shoals asked for clarification of data base management cost.

Mr. Clemons clarified that it is \$3,500 for OCSD and \$10,000 for all agencies data base to be managed.

Director Hill stated three goals to be considered.

1. Reliable income stream
2. Avoiding a cash crunch
3. Minimizing cost to rate payers.

He sees converting all agencies to the tax roll this year would put the District in a cash crunch. He is in favor of putting OCSD on the tax roll and AG and GB continuing to bill on behalf of the District. He would like to establish new contracts at a rate not to exceed \$3.25 per customer per year per parcel to keep the cost fair to all agencies.

Director Lucey stated OCSD is more than open to looking at a new contract. She stated OCSD never received a contract.

Chairman Shoals asked mentioned the change in cash position of the District. He wants to make sure no one that is providing a service to the District is subsidized.

Mr. Clemons reminded the Board and audience that when this item was presented originally, it was a year the District had no major projects in the works. Now there are five different projects and penalty the District is preparing to pay this year and that is when the cash flow was reconsidered.

Motion: Director Hill made a motion to adopt a hybrid billing plan where the residents of Oceano Community Services District would be placed on the county tax roll and have the cities of Arroyo Grande and Grover Beach continue to do the billing on behalf of the District. He further moved that the cities bill at a cost more in keeping with the traditional cost of billing that the cities have charged, but not to exceed \$3.25 per parcel per year which would be the all in cost of moving all communities to the county tax roll. He also authorized the District Administrator to negotiate fees with the cities such that the cost will be minimized to District rate payers.

Second: Chairman Shoals seconded the motion but cannot make a commitment to the \$3.25. He requested the motion be amended to also directed staff to renegotiate the contracts with the member agencies and bring these negotiated contracts back to the Board for final approval.

Action: The two agencies of AG and GB will continue to bill on behalf of the District and OCSD will be placed on the county tax roll. The

second part of the motion is to renegotiate new contracts with the agencies with no set dollar amount at this time.
Approved 2-1 by roll vote.

Hill	Yes
Shoals	Yes
Lucey	No

5C. REVIEW OF JOHN F. RICKENBACH CONSULTING INVOICE FROM THE DISTRICT'S APRIL 20, 2016 WARRANT FOR SERVICES PROVIDED TO DATE

Mr. Hubner introduced this item. He stated that staff has looked at the invoice and services provided and do feel that it is appropriate to pay this invoice.

Mr. Nunley with MKN updated the Board and audience on the need for the Redundancy Project.

Mr. Rickenbach with JFR Consulting was also present and gave a presentation to bring the Board and audience up to date on the permitting approach and strategy.

The Board had a brief discussion on addressing sea level rise, the Negative Mitigation Declaration, the timeline and asked if Mr. Rickenbach knew if he would stay in the budgeted amount to which he responded yes.

Chairman Shoals opened the item to public comment.

Julie Tacker feels the time period on the invoice is not accurate. She feels the information in the Coastal Commission Application does not match the Financing Application. She would like to have the contract and response from Coastal Commission attached to this staff report.

Motion: Director Lucey made a motion to approve payment of John F. Rickenbach Consulting invoice for the amount of \$11,400.
Second: Chairman Hill
Action: Approved unanimously

6. DISTRICT ADMINSTRATOR AND PLANT SUPERINTENDENT'S REPORT

Mr. Hubner presented this report.

Director Lucey stated that she is open to hearing ideas on Regional approaches and collaborations. She thanked Mr. Hubner for attending the IRWM and RAQ meetings.

Julie Tacker reminded the Board that the District is not a water purveyor. She says a regional approach lies in the Boards hands. She does not feel Mr. Hubner should be paid to attend IRWM meetings.

Action: Received and Filed

7. PUBLIC COMMENT ON CLOSED SESSION

Chairman Shoals opened the public comment period.

Sharon Brown, Beatrice Spencer, Julie Tacker and Patty Welsh all commented on the Closed Session items.

Chairman Shoals closed the public comment period.

8. CLOSED SESSION

CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION [Paragraph (1) of subdivision (d) of Government Code Section 54956.9]; (two cases).

- (1) *South San Luis Obispo County Sanitation District v. Special District Risk Management Authority, Case No.: CV130473*
- (2) *South San Luis Obispo County Sanitation District v. State Water Resources Control Board (Superior Court of Sacramento) case number 34-2012-80001209-CU-WM-GDS)*

CONFERENCE WITH LABOR NEGOTIATORS

Agency designated representative: (District Administrator)
Employee organization: (Unrepresented employees)

9. RETURN TO OPEN SESSION; REPORT ON CLOSED SESSION

Legal Counsel stated that the Board had met in closed session regarding all three of the items on the closed session agenda, and took no reportable action with regard to any of them.

There being no further business to come before the Board, Chairman Shoals adjourned the meeting at approximately 10 p.m.

THESE MINUTES ARE DRAFT AND NOT OFFICIAL UNTIL APPROVED BY THE BOARD OF DIRECTORS AT A SUBSEQUENT MEETING.

Subject: **Financial Review as of April 29, 2016**

Overall Financial Summary

As of April 29, 2016, the District has recognized total revenues of \$2,761,232. Of this amount, \$2,595,401 is for operating revenues, and \$165,831 is for non-operating revenues.

District operating expenses totaled \$2,887,198. Operating expenses totaled \$2,088,560 and non-operating expenses totaled \$798,638 as of April 29, 2016.

Local Agency Investment Fund

The balance in the District's LAIF account was \$2,419,502 as of April 29, 2016.

County of San Luis Obispo Treasury Pool

As of April 29, 2016, the reconciled cash balance with the County of San Luis Obispo Treasury Pool was \$3,065,922. The County issues the majority of the District's checks, and the majority of the District's revenues are deposited with this agency. As such, the County provides 'banking services' to the District and provides some accounting documents for internal control purposes.

Rabobank Funds

At April 29, 2016, the reconciled cash balance in the District's Rabobank account totaled \$85,197. This account has been used to process the District's contracted payroll provider service and other District expenditures.

To: Board of Directors

From: Gerhardt Hubner, District Administrator

Date: June 1, 2016

Subject: **Public Hearing and Adoption of Proposed Resolution No. 2016-347, Collecting Fiscal Year 2015-16 from the Community of Oceano Wastewater and Delinquent Charges on the County Property Tax Roll**

RECOMMENDATION

1. Receive a presentation from District staff on proposed Resolution No. 2016-347;
2. Conduct a public hearing;
3. Determine whether a majority protest exists; and
4. Consider adopting Resolution No. 2016-347 to collect wastewater and delinquent charges on the County Property Tax Roll.

BACKGROUND

At the April 20, 2016 Board meeting, the Board directed staff to return to the May 4, 2016 meeting to discuss the District's Billing services with its Member Agencies and current direction to proceed to place its Member Agencies on the County Tax Roll for Fiscal Year 2016/17. The Board further directed staff to provide a comprehensive review of the past chronology of events, background and previous Board decisions and direction, options for consideration and their advantages and disadvantages.

At the May 4, 2016 Board meeting, the Board after considering a number of options, directed staff to place the residents of the Oceano Community Service District (OCSD) on the County Tax Roll for collection of past delinquent and future District wastewater charges. Today's item and consideration of the Resolution No. 2016-347 is the next step in completing that process.

DISCUSSION

The District currently bills Oceano CSD customers directly. This spring, the District sent out 2100 bills to residents and property owners in an effort to collect \$245,271 (one billing for three billing cycles). As of May 20, 2016, the District has received \$125,064. The amount delinquent is \$120,207. Of the total of 2100 account of record, 936 are delinquent. That is about 51% of the expected revenues for Fiscal Year 2015-16.

Process (after May 4, 2016 Board meeting):

At the May 4, 2016 Board meeting we included a timeline and milestones necessary for District's Wastewater fees to be placed on the County Roll. Below are the next steps the District staff undertook since then:

- District mails notice to property owners pursuant to Health & Safety Code 5473.1. *Completed. Postcard (see Attachment No 2) mailed out on May 18, 2016.*
- NBS prepares and delivers the Resolution and Report (see Attachment No 3) – Completed. *Report is available in hardcopy, and on District website.*
- District Secretary publishes notice of Public Hearing once a week for two weeks prior to the Public Hearing pursuant to Section 6066 of the Government Code. *Completed. Notices published on May 14, and 21, 2016.*

Proposed Resolution No. 2016-347

In preparation for this item, Resolution No. 2016-347 was drafted for Board consideration. Furthermore, the District prepared a written report (the "Report") using its consultant NBS. The Report contains a description of each parcel of real property subject to the wastewater services and facilities charge, and the amount of that charge for each such parcel for Fiscal Year 2016/17. This charge was computed in conformity with Ordinance No. 2016-001 adopted by the Board on March 2, 2016. A copy of the Report is available at the District office and on the District website for public inspection.

The Report also contains a separate section describing each parcel of real property delinquent in paying past wastewater services and facilities charges, and the amount of that delinquency. This charge was computed in conformity with Ordinance No. 2006-01 adopted by the Board on November 29, 2006.

Resolution No. 2016-347 also describes the authorities to which the District is authorized to proceed:

- Health & Safety Code §5471: by ordinance the District can set charges for wastewater services and facilities.
- Health & Safety Code §5473: by resolution the District can adopt by 2/3 majority of its members, to provide for collection of wastewater services and facilities charges annually on the property tax roll.
- Health & Safety Code §5473a: by resolution the District can collect delinquent charges on the property tax roll.

Resolution No. 2016-347, if approved by the Board, would:

1. Overrule all protests and objections to the Report on the wastewater services and facilities charges and confirm and approve the Report and each wastewater services and facilities charge;
2. Overrule all protests and objections to the Report on the delinquent wastewater services and facilities charges and confirm and approve the Report and each delinquent wastewater services and facilities charge; and
3. Request wastewater services and facilities charges, and the delinquent charges, be placed on the San Luis Obispo County Tax Collector for collection on the Fiscal Year 2016/17 tax roll, and
4. Instruct and authorize District Staff to transmit the Report to the San Luis Obispo County Tax Collector and to file the necessary documents with the Tax Collector.

Conclusion:

As noted above in order to timely proceed to the County Tax Roll for next Fiscal Year, the next step will be for the Board to hold a public hearing. In the hearing the Board should receive public input and protests to placing collection of rates and delinquent rates on the tax roll.

If the Board receives a protest from persons representing a majority of the separate parcels in Oceano, as described in the Report, the Board may not adopt the Report and cannot proceed to collect charges via the tax roll. The number of protests necessary to constitute a majority is 1187.

If the Board receives less than a majority protest, upon closing the public hearing the Board may consider adoption of a Resolution to place the OSCD residents on the County Tax Roll for Fiscal Year 2016-17. Resolution No. 2016-347 would authorize collection of delinquent charges and current charges on the Tax Roll.

Alternatively, the Board could direct staff to revise the Resolution for future consideration, or not proceed with placement of the Oceano Community Service District residents on the County Tax Roll.

We recommend the Board, consider after holding a public meeting, adoption of Resolution No. 2016-347.

Attachment:

1. Resolution No. 2016-347
2. Postcard mailed to residents of Oceano Community Service District
3. SSLOCSD Wastewater Treatment Service Charge FY 16/17 Annual Report and SSLOCSD Delinquent Wastewater Treatment Service Charge FY 16/17 Delinquent Charge Report

RESOLUTION NO. 2016-347

A RESOLUTION OF THE BOARD OF SOUTH SAN LUIS OBISPO COUNTY SANITATION DISTRICT APPROVING THE REPORT OF WASTEWATER SERVICES AND FACILITIES CHARGES AND DELINQUENT CHARGES, AND DIRECTING THE FILING OF CHARGES AND DELINQUENT CHARGES FROM THE COMMUNITY OF OCEANO FOR COLLECTION BY THE COUNTY TAX COLLECTOR PURSUANT TO HEALTH & SAFETY CODE §§5470 ET SEQ.

WHEREAS, on November 29, 2006, pursuant to Health & Safety Code §5471, the District adopted Ordinance No. 2006-01, setting charges for wastewater services and facilities; and

WHEREAS, on March 2, 2016 and also pursuant to Health & Safety Code §5471, the District adopted Ordinance No. 2016-001, increasing charges for wastewater services and facilities; and

WHEREAS, Health & Safety Code §5473 authorizes the District, by resolution adopted by at least 2/3 of its members, to provide for collection of wastewater services and facilities charges annually on the property tax roll; and

WHEREAS, Health & Safety Code §5473a separately authorizes the District to collect delinquent charges on the property tax roll; and

WHEREAS, on May 4, 2016, the District Board directed staff to proceed with collecting charges and delinquent charges on the property tax roll for the community of Oceano, pursuant to Health & Safety Code §5473.4; and

WHEREAS, the District has caused to be prepared a written report (the "Report") containing a description of each parcel of real property subject to the wastewater services and facilities charge and the amount of that charge for each such parcel for Fiscal Year 2016/17, computed in conformity with Ordinance No. 2016-001, which report is filed with the District at its District office, available for public inspection, and incorporated herein by reference; and

WHEREAS, the Report contains a separate section describing each parcel of real property subject to and delinquent in paying the wastewater services and facilities charge, and the amount of that delinquency; and

WHEREAS, on May 18, 2016, the District caused notice of a public hearing concerning the report and the District's intention to collect charges and delinquent charges on the property tax roll to be mailed the address of record for each Oceano parcel of property and customer; and

WHEREAS, on June 1, 2016, following the publication of notice as required by law, the District Board held a full and fair public hearing with respect to the Report, and at such hearing the Board heard and considered all protests and objections to the Report; and

WHEREAS, the District Board desires to approve the Report and to submit the wastewater services and facilities charges, and the delinquent charges, described therein to the San Luis Obispo County Tax Collector for collection on the Fiscal Year 2016/17 tax roll.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of South San Luis Obispo County Sanitation District:

1. The Board hereby overrules all protests and objections to the Report on the wastewater services and facilities charges and confirms and approves the Report and each wastewater services and facilities charge as submitted; and
2. The Board hereby overrules all protests and objections to the Report on the delinquent wastewater services and facilities charges and confirms and approves the Report and each delinquent wastewater services and facilities charge as submitted; and
3. District Staff is instructed and authorized to transmit the Report to the San Luis Obispo County Tax Collector and to file the necessary documents with the Tax Collector that the wastewater services and facilities charges, and the delinquent charges, set forth in the Report will be included on the San Luis Obispo County Tax Roll for Fiscal Year 2016/17.

PASSED AND ADOPTED at a regular meeting of the South San Luis Obispo County Sanitation District held June 1, 2016.

BOARD CHAIR

ATTEST:

DISTRICT COUNSEL

CONTENTS:

BY: _____
DISTRICT ADMINISTRATOR

I HEREBY CERTIFY that the foregoing is a true and correct copy of a resolution passed and adopted by the Board of Directors of South San Luis Obispo County Sanitation District at a meeting thereof on the 1st day of June, 2016, by the following vote:

AYES:

NOES:

ABSENT:

ABSTAIN:

BOARD CHAIR

Attest:

South San Luis Obispo County Sanitation District provides wastewater treatment services to the community of Oceano. In the past customers have received a monthly or bi-monthly bill for these services. Beginning in 2016-17, the District plans to switch to semi-annual billing on the property tax bill for Oceano. This change would regularize revenue, allow delinquent bills to be collected, and may result in a real property lien if bills are unpaid. A report listing service charges and any delinquent charges are on file at the District Office. The District Board invites you to attend a public hearing to give comments or protest this proposal. The hearing will be held on June 1, 2016 at 6:00 p.m. in the Arroyo Grande Council Chambers, 215 East Branch Street, Arroyo Grande, CA.

Date: June 01, 2016
To: Board of Directors
From: Gerhardt Hubner, District Administrator
Via: Michael Arias, Plant Operator
Subject: **Information Technology Integration into the District's Wastewater Operations**

Recommendations:

1. Hear a presentation and demonstration of recently completed and deployed IT integration project for our wastewater operations; and
2. Receive and File Report

Background:

In 2014, staff had an idea about how to utilize information technology to improve day to day wastewater operations. As staff began formulating how we would like to see this implementation take place, a company entitled Digital Mentor approached us in 2015, and shared their business proposal with us. As a matter of introduction, Digital Mentor is a company that helps businesses implement current technology into business operations; educates their clients on how the implementation of technology can positively impact their business; demonstrates implementation by other businesses in the same or similar field; and brainstorms ideas with clients on how technology can improve operations in their respective fields.

Discussion:

Today's report presents a "success story" regarding a completed District project that integrates state of the art information technology into the District's day to day operations.

The project involved converting our paper wastewater manuals and plant operations and maintenance information into digital form such as:

- Staff meeting Sign-In sheets
- Plant drawings
- Permit information

- Meeting notes, project organization
- Contact lists
- Standard Operating Procedures

Note this information is now available on portable tablets for operator's ease of access in the field vs accessing heavy paper binders or other paper documents.

Benefits include:

- Environmentally friendly. Reduces our carbon footprint by decreasing reliance on written documents.
- Documents Online:
 - Standard Operating Procedures
 - Daily Round Sheets
 - Videos
 - Plant information
- Reduction in time to track down information.
- Multiple all-in-one tools: camera and video capability, custom note taking application can incorporate photos (giving greater detail), soundwave measurement application, spreadsheet application, and document scanning application.
- Backup files on cloud storage.

Conclusion

To date, costs are approximately \$20,000 (includes cost of 2 iPad, set up of iPad, staff training, custom videos, scanning and organizing of plant information including O&M, Standard Operating Procedures, permits). We believe that this tool will continue to evolve and grow. New applications are available on a regular basis that can further improve efficiency. As noted throughout this staff report we believe the benefits of this program will have a continuing return on investment that exceeds its initial cost.

Staff Report

To: Board of Directors

From: Gerhardt Hubner, District Administrator

Date: June 1, 2016

Subject: **Proposed Draft Budget - Fiscal Year 2016-17**

RECOMMENDATIONS:

1. Receive a presentation on a proposed Draft Budget for Fiscal Year 2016-17 beginning July 1, 2016;
2. Provide staff with Board member feedback and direction, as appropriate; and
3. Direct staff to return to the June 15, 2016 Board meeting with a Final Budget for Fiscal Year 2016-17 for consideration and adoption.

BACKGROUND:

For the May 18, 2016 Board meeting, District staff prepared a Draft Budget for Fiscal Year 2016-17 which was included as part of the Agenda package for that meeting. This draft Budget contained both a narrative staff report and associated budget spreadsheets. That staff report and spreadsheets are being carried over to today's staff report with the following revisions:

1. Addition/assignment of project numbers to schedules A1, A2 and B (formerly C)
2. Deletion of former B schedule attached to Fund 20 due to duplication of the same information on the Fund 20 spreadsheet
3. Better descriptions at the top of Schedules A1, A2 and B
4. Movement of the \$1,100,000 ACL penalty line item from Fund 20 to Fund 19.
5. Movement of several projects from all Funds to better reflect whether if they are replacement items vs. new assets
6. Deletion of sludge bed walls project: \$10,000
7. Increase in concrete sludge lagoon project: \$20,000
8. Increase of \$5,000 for Strategic Planning line item
9. Updated values under Salary and Wages line item
10. Updated values on all Fund spreadsheets and this staff report
11. Correction of any identified typos or errors.
12. Legal memo described uses for Fund 20

DISCUSSION:

The purpose of today's item is to give the Board a high-level summary of the contents of the proposed District draft Budget for Fiscal Year 2016-17. This Fiscal Year covers the period of July 1, 2016 to June 30, 2017.

The draft Fiscal Year 2016-17 Budget, and its supporting attachments purpose and objective are to provide a “blue print” to fund investments in the District’s facilities now and into the future, and complete recommendations and reforms identified in the 2016 Knudson Report. It is also intended to fund initiatives needed by the District to fully support its programs including: Board and administrative support, human resources, fiscal management and audits, website/IT/public outreach, and pollution prevention and health and safety programs. Furthermore, this draft budget intent is to catchup and complete several previously neglected programs, policy and housekeeper functions necessary for the District to remain in compliance with health and safety and the wellbeing of its employees, and set the stage for future years.

It should be noted the District operates on a cash basis, in other words, at the end of each fiscal year on June 30th, whatever invoices are received and paid are recorded in that year. Invoices for contracts received after that date are recorded in the subsequent fiscal year. For example, some large capital projects, in spite of a Board approval in one fiscal year may require being budgeted in subsequent fiscal year(s).

In preparing this draft budget, 3rd quarter actuals were used to project end of year balances. Furthermore, each line item was crosschecked with proposed budgeted amount and compared with each actual. In several cases these values were revised downward or upward.

This draft Budget for Fiscal Year 2016-17 was prepared using conservative approaches and assumptions to not exceed existing revenues, mindful of the need to operate our facility cost effectively, efficiently, remain in compliance with applicable federal, state and local requirements, using past experiences, and utilizing best professional judgement. Revenue values for wastewater and collection fees were obtained from the District’s Wastewater Financial Plan and Rate Study & Ordinance No. 2016-01 approved by the Board on February 17, 2016.

Lastly, preparation and approval of an annual Budget does not mean that all revenues, nor all budgeted line item amounts will be fully expended by the end of the Fiscal Year.

Below are summary values from the attached Consolidated Budget Spreadsheet:

Consolidated Budget
(Attachment No. 1)

Starting Fund Balances

	Fund 19	Fund 20	Fund 26	Totals
	\$1,190,000	\$4,015,000	\$385,000	\$5,590,000

Revenues by Fund Source

	Fund 19	Fund 20	Fund 26	Totals
All Sources	\$4,457,200	\$187,800		\$4,645,000
Transfer from Fund 19			\$561,200	

Expenditures by Fund Source

	Fund 19	Fund 20	Fund 26	Totals
Operating Expenses	\$2,680,700			\$2,680,700
Capital Outlay	\$51,500	\$2,307,700	\$946,200	\$3,305,400
Transfer to Fund 19	\$561,200			
Charges	\$1,100,000	\$76,000		\$1,176,000
Totals	\$4,393,400	\$2,383,700		\$6,772,100

Contingency	\$100,000			
-------------	-----------	--	--	--

Projected Ending Balances

	Fund 19	Fund 20	Fund 26	Totals
	*\$1,153,800	\$1,819,100	0	*\$2,972,900

***Plus any remaining contingency not utilized up to \$100,000**

Fund 19 (Attachment No. 2)

Fund 19 revenues are provided primarily from wastewater fees collected from our three member agencies (Cities of Arroyo Grande, Grover Beach and community of Oceano). Additional revenues are collected through brine disposal service and other reimbursements (AT&T lease, fats and grease program, City of Pismo outfall reimbursement)

Fund 19 supports the following general categories of District activities:

- Personnel – Salaries, Wages and Benefits & Other Personnel Costs
- Permits, Fees and Licenses
- Communications (Phones, Webhosting, Alarm)
- Administrative Support (Temporary Labor, Advertisements, Office Space, Insurance, LAFCO, Office and Safety Supplies), Property Tax Payment
- Professional Services – Legal (In-house/Outside), Consultant Services (Scientific, Fiscal Management/Audits, Billing, Source Control, Human Resources, Engineering, Chemical Analysis, Records Management, AGP Video, Computer Support, Strategic Planning), Board Member Support
- Disposal Services (Solids Handling, Brine Sampling)
- Utilities (Electricity, Gas, Rubbish, Water)
- Maintenance, Tools & Replacements – Equipment Maintenance (Schedule A-1), Video logging, Structural Maintenance (Regular and Major)
- Materials, Services and Supplies (Equipment Rentals, Laboratory supplies, Plant chemicals)
- Training, Education and Memberships (Professional Licenses, Training, Memberships, Seminars)
- Capital Outlays – See Schedule A-2
- Transfer of Funds to Support Fund 26 Projects

Staffing

No changes are proposed for staffing over the coming Fiscal Year. The roster of staff consists of District Administrator, Secretary/Bookkeeper, Plant Superintendent, Shift Supervisor, Plant Operator III (2), Laboratory Technician, Plant Operator II (2) and Operator in Training (0.5) and Maintenance Assistant (0.5). No vacancies currently exist.

Funding is being included this year to support our Student Intern program, previously approved by the Board.

Proposed Initiatives:

- Human Resources: Update approximately twelve policy and procedures including Policy Manual, benefit survey, job descriptions, employer/employee resolutions, and others
- Fiscal Management Assessment: Implementation of recommendations
- Website/Public Outreach: Update and production of newsletter

- District Operation and Administrative Office: Assessment and implementation of recommendations including office structural upgrades and lease of satellite office
- Records Management Assessment: Implementation of recommendations and catalogue C-train files
- Billing: Complete process for placement on County Tax Roll
- Source Control Program: Development of outreach materials, pollution prevention program
- Strategic Planning/Plan: Facilitator, workshop and plan development

Proposed Operation and Maintenance Projects:

1. Budget of \$140,500 is proposed under Line Item No. 19-8030 (See Schedule A-1 for list of projects)
2. Budget of \$51,500 proposed. (See Schedule A-2 for list of projects)

Proposed Charges:

- 2010 Spill/Administrative Civil Liability Penalty: \$1,100,000 set aside for potential payment and/or settlement.

Placeholders

- \$40,000 (Outside Special Legal Counsel) – To support outside or special legal counsel if needed and approved by the Board.
- \$100,000 (Contingency) - A new line item, entitled “Contingency” has been added to provide funds to support any miscellaneous or unknown costs that arise or emergencies. To access the contingency fund, Board approval would be required.

Fund 20 (Attachment No. 3)

Fund 20 revenue is provided primarily from connection fees from our three member agencies. A minor amount of revenue is received from interest on the fund balance on account. This year we expect reimbursement for our recycling study grant. This fund traditionally supported capacity, expansion, or replacement projects and studies. However, we believe the Board does have discretion to also pay certain charges and projects from this fund (see memo entitled: “Use of Fund 20”, Attachment No. 4).

Project Major Capital Project List

- SCADA Project: \$10,000 is proposed to complete this project.
- Grit Removal System (and engineering support): On April 28, 2016, the Board approved a contract with Speiss Construction Company. Proposed Budget: \$492,100 for construction and \$23,000 for engineering support. The project is anticipated to begin construction late summer, and completed this fall.
- Secondary Process Redundancy Project (and engineering support): On March 16, 2016 approved a contract with Kennedy Jenks for Phase I of the Project. We anticipate services and budget needed to complete Permitting, Engineering Support and Design. Proposed Budget of \$1.5 million, with \$50,000 in engineering support (i.e. SRF loan, value engineering analysis, others). Board approval will be needed to proceed past Phase I.

- Satellite Water Resource Recovery Facilities Grant: The Board approved a re-scoping of this grant funded project at its March 30, 2016 meeting. The total project cost is \$156,700 with expected reimbursement of \$75,000 from the State Water Resources Control Board under their Recycled Water Program, and \$40,800 each from the District and the City of Arroyo Grande to cover the grant match.

Proposed Charges:

- Cogeneration EISA: Debt Service, Principal and Interest \$76,000. This the second to last payment. Final payment is expected to be made in August 2017.

Fund 26 (Attachment No. 4)

Fund 26 revenues are wholly supported by transfers from Fund 19 (\$561,200) is proposed for transfer). Fund 26 has traditionally supported replacement projects at the District's facility.

Project Major Capital Project List

- Arroyo Grande (Cherry Ave) Sewer Bridge Project: On April 28, 2016, the Board approved a contract for environmental review service for this Project. This Project is to perform maintenance on the existing structure, removing paint and debris and replace its anti-corrosion coating. This year we anticipate completing environmental review and permitting, and initiating/completing construction. Proposed Budget: \$202,100.
- Mechanical Bar Screen: This project is finishing design. The next step will be the issuance of a Request for Proposal (RFP) by the District, leading to construction to commence in Spring of 2017. Proposed Budget: \$577,000.

Proposed Maintenance Projects:

A total Budget of \$946,200 is proposed under Line Item No. 26-8065 (See Schedule B for detailed list of projects)

Reserve Account

Currently no dedicated reserve account has been established for the District. The Board may wish to give direction to staff to formally create such a reserve account. Most agencies and special districts have established dedicated reserve accounts. If the Board desires, such a reserve account could be created, and an appropriate amount set aside each year until a desired reserve goal or amount (or alternatively a desired percentage of the revenues) is reached.

Conclusion

Above, we have provided a comprehensive narrative summary of the proposed draft Fiscal Year 2016-17 Budget and "Blueprint" for funding the District's operations, projects and initiatives. Today we request Board member and community feedback on this proposed draft Budget and or/its attachments, and the Board provide direction to staff to proceed to return at the June 15, 2016 Board meeting, or another future meeting to consider its final adoption.

MEMORANDUM

TO: SOUTH SAN LUIS OBISPO COUNTY SANITATION DISTRICT

FROM: DISTRICT CO-COUNSEL STOCKTON

RE: USE OF FUND 20

DATE: May 17, 2016

QUESTION:

For what purposes may money held in Fund 20 properly be used?

SHORT ANSWER:

Money held in Fund 20 is to be used:

- for emergency treatment plant maintenance and repair (to be borrowed at no interest);
- to equalize “the cost of sewage installation beyond the trunk system” (applies to specific charges for specified property);
- for a sinking fund for plant expansion and sewer line enlargement.

BACKGROUND AND DISCUSSION:

A. Background. In 1966 the District created a separate bank account to hold sewer connection fees. Since then the District has enacted several ordinances establishing and adjusting the cost of connecting to the system of pipes leading to the Oceano treatment plant.

In 1981 the District specified how connection fees may be spent. Ordinance 1981-3 required that connection fees be used for “maintaining a sinking fund for treatment plan expansion and sewer line enlargement.” The ordinance also provided:

- a surcharge of \$15/foot would apply to specified connections, and this surcharge would be “for the purpose of equalizing the cost of sewage installation beyond the trunk system;”
- “Funds may be borrowed at no interest by the District for the purpose of emergency maintenance and repair to the District facilities.”

B. Discussion. When connection fees pay for existing or new public facilities which proportionally benefit property, they are called “capacity charges.” The law requires that capacity charges *not* exceed the reasonable cost to provide the service for which they are collected. Also, capacity charges:

- Must not exceed the reasonable cost of providing the service for which they are charged unless approved by 2/3 of the voters;
- Must be deposited into a separate capital facilities fund;
- Must be accounted for in a manner to avoid any commingling with other moneys of the local agency, except for investments;

- And any interest they earn, must be spent solely for the purposes for which they are collected. [Government Code §66013(c)];
- Must be identified in a report available to the public within 180 days after the last day of each fiscal year. [Government Code §66013(d).]

The law does not require any particular process to be used to spend connection fees collected. Authority to spend could be provided through the budget process, purchasing guidelines, an interpreting resolution or ordinance, or Board action on individual projects. Public agencies commonly create a list of short- and long-term projects for partial funding by connection fees.

Please advise if you have questions concerning this memo.

To: Board of Directors
From: Gerhardt Hubner, District Administrator
Via: John Clemons, Plant Superintendent
Date: June 01, 2016
Subject: **Update on Homeless Issue and Impact of Trash on District and Surrounding Properties**

RECOMMENDATION

1. Hear an update on District efforts working with the Oceano neighborhood near our facility, on the homeless and transit population, and the impacts of trash/debris on District and surrounding properties.
2. Direct staff, as appropriate, to expend time and resources to assist with future cleanups.

BACKGROUND

Staff has recently been requested to provide an update at this Board meeting on our recent and past efforts regarding this issue. Below is a chronology of past events:

- August 2014 – Began contacting SLO County Sheriff's Office (SO) regarding homeless encampment on District property.
- July 2015 – Conversation with SLO County staff and SO regarding homeless encampment on District property.
- August 2015 – Posted "Private Property – No Trespassing" signs in and around homeless camp on District property. Camp was evacuated shortly thereafter.
- August 2015 – Removed debris from abandoned homeless camp. (Attachment No. 1)
- December 2015 – Installed wrought iron fence at front of District property to deter foot traffic.
- January 2016 – Posted "Private Property" signs along hiking trail adjacent to District property.

DISCUSSION

Since completing the August 2015 cleanup event that removed trash and debris from the abandoned encampment, staff continues to monitor the area. There have been no indications that person(s) has returned to live in the abandoned area. Staff also installed a fence in December 2015 at the entrance to our facility (Aloha Place) to restrict entry onto our property from the street. This fence appears to be effective (Attachment No. 1).

There is also evidence of encampments along a hiking trail that is adjacent to the Sanitation District property line. This hiking trail is not on District property (Attachment No. 2). However, staff did post signs along the trail indicating the area just east of the trail is private property.

Staff also solicited an estimate to place chain link fencing around the perimeter of the District property line. The contractor estimated a cost of approximately \$27,000. This did not include the cost of clearing trees and foliage to create a path for the fence. Nor does it consider permitting issues with the County and potentially with the California Coastal Commission.

On the morning of Friday May 13th staff met with three residents of properties adjacent to the facility. Together we walked the trail, noted the debris fields, and followed one path to a site which had a tent set up. There was no one present in the tent at the time. Sanitation District "Private Property" signs were still visible from the trail. We discussed possible clean-up scenarios and potential solutions to homeless settling in this area.

At this point in time the District does not have any issues with homeless person(s) habitation of District property on the west side of our property.

Successful future clean-ups will require a multi-agency effort in conjunction with community participation. For all indications, the bulk of the trash and debris appears to be on San Luis Obispo County property.

District staff are amenable to assisting in this future efforts, but since the issue is now primarily off the District property we believe it should be led by County public safety personnel and staff (with District resources in a supporting role). We look today to your Board for further direction if the Board wishes to provide additional staff time and resources to assist with future efforts.

Telephone (805) 489-6666 FAX (805) 489-2765

Date: June 1, 2016
To: Board of Directors
From: Gerhardt Hubner, District Administrator & John Clemons, District Superintendent
Subject: **DISTRICT ADMINISTRATOR AND PLANT SUPERINTENDENT'S REPORT**

Today's report presents ongoing information on District staff activities of possible interest to the Board and members of the public, project updates, regional efforts, our regular Superintendent report, and operation and maintenance activities. *Updates are provided in italics below:*

Special District Risk Management Authority Litigation

The District hired Eric Schindler, Esq. on a contingency fee basis to represent it in a coverage lawsuit against Special District Risk Management Authority ("SDRMA"). The litigation sought coverage from SDRMA stemming from the December, 2010 sewage spill and enforcement action by the Regional Water Board. Unfortunately, the court decided the lawsuit against the District after a summary judgment motion.

California law requires the non-prevailing party (the District) to pay the prevailing party's legal costs in the case. To avoid this expense to the District, Mr. Schindler negotiated a settlement with SDRMA. In the settlement document the parties buy their peace with SDRMA waiving costs and the District agreeing not to appeal the summary judgment decision.

The District has now received the executed settlement agreement from SDRMA and Mr. Schindler has filed a dismissal with prejudice. This ends the litigation.

Project Updates:

- **Cherry Ave. Arroyo Grande Sewer Bridge Project** – On April 28, 2016, the Board approved a contract with Kevin Merk Associates, LLC for environmental review services. This Project is to perform maintenance on the existing structure, removing paint and debris and replaced its anti-corrosion coating. Merk Associates will complete for the District an initial biological assessment, and a Mitigated Negative Declaration under CEQA in preparation for submittal of an application to the California Fish and Wildlife for a Streambed Alteration Agreement. This SAA is necessary for construction to commence.

The contract for this work has been executed, and work initiated. A meeting with Garing Associates was held on May 25th to discuss project details, schedule, permitting and bid requirements.

- **Grit Removal System** – On April 28, 2016, the Board approved a contract with Speiss Construction Company for \$492,100. A notice of award was signed and sent to Speiss this week. The next step is for Speiss Construction to provide the District with their bond and insurance information, leading to a notice to proceed being issued. The project is anticipated to begin construction late summer, and completed this early winter. *Requirements for bonding and insurance have recently been met allowing the contract with Speiss to be executed.*
- **Mechanical Bar Screen** – This project is finishing design. *The next step will be the issuance/advertisement of a Request for Proposal (RFP) by the District expected in early July.*
- **Secondary Process Redundancy Project** – On March 16, 2016, the Board approved a design contract to Kennedy Jenks for Phase I of this project. As work has now begun on Phase I a meeting was held April 27th at the District facility with the Project Team, including Kennedy Jenks, Cannon Associates and Yeh and Associates. The topics included the location and completing a survey of the current and proposed new facilities, upcoming geotechnical work, and evaluation(s) of any potential flood, and/or biological issues. *Work to complete biological surveys at our facility property, and additional flooding/sea rise analyses will be commencing shortly. This work is anticipated to be completed in the next 60 days.*
- **Satellite Water Resource Recovery Facilities Grant** – The Board approved a re-scoping of this grant funded project at its March 30, 2016. *A meeting with Water Systems Consulting (WSC) and staff with the City of Arroyo Grande was held at the District office on May 11th. At this meeting WSC provide District staff with the history and progress under the grant, timeline for completion, and efforts to coordinate/complement this study with the regional recycling project being undertaken by the City of Pismo Beach. The next meeting is scheduled for June 1st.*
- **Energy Cost Reduction/Conservation Project, Co-Generation Unit** – On April 21st a meeting was held with representatives of PG&E, MKN and Enviser. The purpose of the meeting was to hear an update on a feasibility assessment for a co-generation system at the District's facility. The assessment indicates significant benefits of a co-generation system can be realized including future saving on the District's facility electricity costs, and a reduced carbon footprint (eliminated flare)/greenhouse gases. Low cost financing may also be available. The next step includes more refinement of the Project, and future Board consideration of whether to move forward design and installation. *A Master Agreement was recently provided by PG&E, and reviewed by our legal counsel. A meeting to discuss our comments was held with PG&E on May 18th.*
- **FFR Short-Term Emergency Back-up Plan** – District staff have made substantial progress installing one component of this Plan, through the installation of vertical piping (one of Plan's first components).

- **GIS manhole mapping system** – In progress, with estimated completion in early summer. Awaiting software evaluation/recommendation from consultant.
- **District Control Building and Office** – *As noted in a verbal report to the Board at the May 4th meeting, significant issues and problems are evident in the District's Operational and Administrative Building. Identified issues include: Strong and persistent odors, noise and disruption from brine disposal trucks, multiple leaks in the ceiling/roof, mold, old desks and chairs (some decades old), old and stained carpets and flooring, infestation of pests, bubbling and peeling paint, break room/kitchen deterioration, identified leaks in the indoor plumbing, insufficient and overlapping utilization of space for administration vs. operations, IT integration, file storage, and others.*

As a proactive and preventative approach to address these multiple issues we initiated requests for quotes for structure repairs on the roof, and assessment of any potential Health and Safety issues within the building for our employees.

On May 11, 2016, an Ergonomic Specialist/Chief Risk Officer from the Special District Risk Management Association conducted and completed an ergonomic assessment of the District office. We expect submittal of that assessment to be available in several weeks.

On May 13, 2016, an Industrial Health and Safety assessment for the office was completed. This assessment will look at any potential health and safety issues, and provide us with recommendations for corrections and/or improvements. We expect submittal of that assessment to be available in several weeks.

Regional Efforts

- **Arroyo Grande Watershed MOU Group** – In 2006, various parties, including the District entered into a Memorandum of Understanding. The purpose of this watershed group is to develop programs and policies for the maintenance, protection, and enhancement of Arroyo Grande Watershed and creeks within the Watershed. On April 20th, District staff recently participated in the most recent quarterly meeting of the group at the Arroyo Grande City Conference Room, and heard several presentations including one by the City of Pismo Beach on their regional recycled water project.
- **Zone 1-1A Flood Control Advisory Committee** District is focused on the goal to provide input and coordination on proposed improvement and maintenance of the Zone 1/1A flood facilities, working with the Coastal San Luis Resource Conservation District. As a result, a long term maintenance plan for the channel called the Arroyo Grande Creek Channel Waterway Management Program (AGWMP) was developed. District staff will be coming to your Board at an upcoming meeting to designate a staff representative and alternate to this Committee in order to participate.
- **Integrated Water Resource Management (IRWM)** – Integrated Regional Water Management (IRWM) is a collaborative effort with the County of San Luis Obispo to manage all aspects of water resources on a region wide scale that:
 - Crosses jurisdictional, watershed, and political boundaries
 - Involves multiple agencies, stakeholders, individuals, and groups

- Addresses regional issues and differing perspectives of all the entities involved through mutually beneficial solutions.
- Develops multi-benefit solutions

One key additional benefit of IRWM participation includes potential grant opportunities to the District available through the State of California and Proposition 1. The next meeting is scheduled for May 4th at the San Luis Obispo City Library. District staff has been asked to attend. *For the District to fully participate and join as a full member, the Board would need to adopt the IRMP through a Resolution and Memorandum of Understanding. At a future meeting, staff intends to bring for Board consideration these documents to provide formal membership in the San Luis Obispo IRWM group.*

- Water Reuse, Central Coast Chapter –The Association is a not-for-profit association (501c6) of utilities, government agencies and industry that advocates for laws, policies and funding to promote water reuse. The Water Reuse Association provides a comprehensive and complementary approach to increasing water reuse in California. In the past District staff have participated on a periodic basis.
- North Cities Management Area Technical Group - The NCMA TG, which includes representatives from the Cities of Arroyo Grande, Grover Beach, Pismo Beach, and the Oceano Community Services District, was formed as a result of the Santa Maria Groundwater Basin (SMGB) Adjudication. As such, this group is exploring various ways to protect and enhance future water supplies in the basin through groundwater monitoring, and the collection and analyzing of data pertinent to water supply and demand. *On May 9th, by invitation, District staff attended and participated in the NCMA Technical group discussion. The group shared recently hydrologic and water resources data and information, and water conservation efforts.*

Superintendent's Report

During this reporting period (through May 26th) the District's facility continues to meet its Permit Limitations as required under the State of California's National Pollution Elimination Discharge (NPDES) Permit issued to the District. The current average effluent total suspended solids value at this moment is higher than our permit limits for monthly average. This value is the result of a large volume of supernatant liquid (from digester) being returned to the headworks. The Plant centrifuge failed resulting in a brief inability to process sludge at the usual rate. This situation has been corrected.

Chart 1 – Plant Data

May 2016*	INF Flow MGD	Peak Flow MGD	INF BOD mg/L	EFF BOD mg/L	INF TSS mg/L	EFF TSS mg/L	Fecal Coli	Cl2 lbs/day	BOD REM Eff. %
Average	2.17	3.41	476	36	446	43.5	23	187	93
High	2.36	4.0	504	38	472	47.8	240	344	
Limit **	5.0			40/60/90		40/60/90	2000		80
CY 2015 Monthly									
Average	2.17	3.42	415	29	438	36	67	194	93
High	2.42	4.8	495	43	494	47	255	402	

** Limit – 40/60/90 represent NPDES Permit limits for the monthly average, weekly average, and instantaneous value for plant effluent BOD and TSS

Operation and Maintenance Projects

(As listed in May 18, 2016 report)

- Installed new valve and servo motor on boiler.
- Installed new back-up chemical feed system for sodium bisulfite (dechlorination).
- Installed new chlorination/dechlorination system at Chlorine Contact Chamber.
- Trimmed foliage at tree-line in parking lot.
- Annual calibration of Plant flow meters.

(Recent Activity)

- *Installed wireless antenna mount at headworks, and at MMC building for SCADA communications.*
- *Performed annual service on all Plant fire extinguishers.*
- *Repaired pipe at ferric chloride pump.*
- *Installed conduit and wiring in FFR for SCADA connections.*
- *Replaced hydraulic line on front loader.*
- *Installed water softener tank on boiler.*
- *Discovered collapsed pipe at the men's bathroom urinal.*

Miscellaneous

- On May 6, 2016, the Five Cities Fire Authority practiced rescue and confined space training at Plant.
- On May 10, 2016, staff attended a safety training class on Hand and Power Tool Safety.
