1000 - PURPOSE OF PERSONNEL POLICIES

It is the intent of the Board of Directors of the South San Luis Obispo County Sanitation District to maintain a Personnel Policy Manual. Contained therein shall be a comprehensive listing of the Board's current policies, being the rules and regulations enacted by the Board from time to time. The Personnel Policy Manual will serve as a resource for Directors, staff, and members of the public in determining the manner in which matters of District business are to be conducted. The information contained in this manual constitutes the District's personnel rules and policies. It is not to be interpreted as a contract between the District and any of its employees.

Except as provided herein, this manual applies to all employees. Except as herein provided these rules do not apply to members of the Board of Directors, contract employees, volunteer personnel, such as advisory committees; persons engaged under contract to provide expert, professional, technical, or other services; or to temporary employees.

If any policy or portion of a policy contained within this Personnel Policy Manual is in conflict with rules, regulations or legislation having authority over the South San Luis Obispo County Sanitation District, said rules, regulations, or legislation shall prevail.

1010 – POLICY AMENDMENTS

1. The District reserves the right to modify or delete any of these policies when, in the opinion of its management and the Board of Directors, it becomes advisable to do so on those provisions of these policies that do not require the District to meet and confer. The District may also deviate from these policies in emergency situations provided that the Board conducts an emergency meeting and votes to take appropriate action regarding said deviation from policies.
2. Announcement of changes will be made through standard communication channels (for example, employee meetings and District Administrator communications), but advance notice to every employee may not always be possible. The amendment will become effective even though personal notice was not provided to one or more of the District's employees.
3. No oral statements or representations can, in any way, change or alter the provisions of this manual.
4. Except in emergency situations, proposed modifications or deletions to these policies shall first be introduced at one meeting of the Board of Directors, at which meeting the Board may provide direction to staff on the proposed modifications or deletions after receiving public comment. The proposed modifications or deletions shall then, at a second meeting of the Board of Directors, be presented for final adoption.

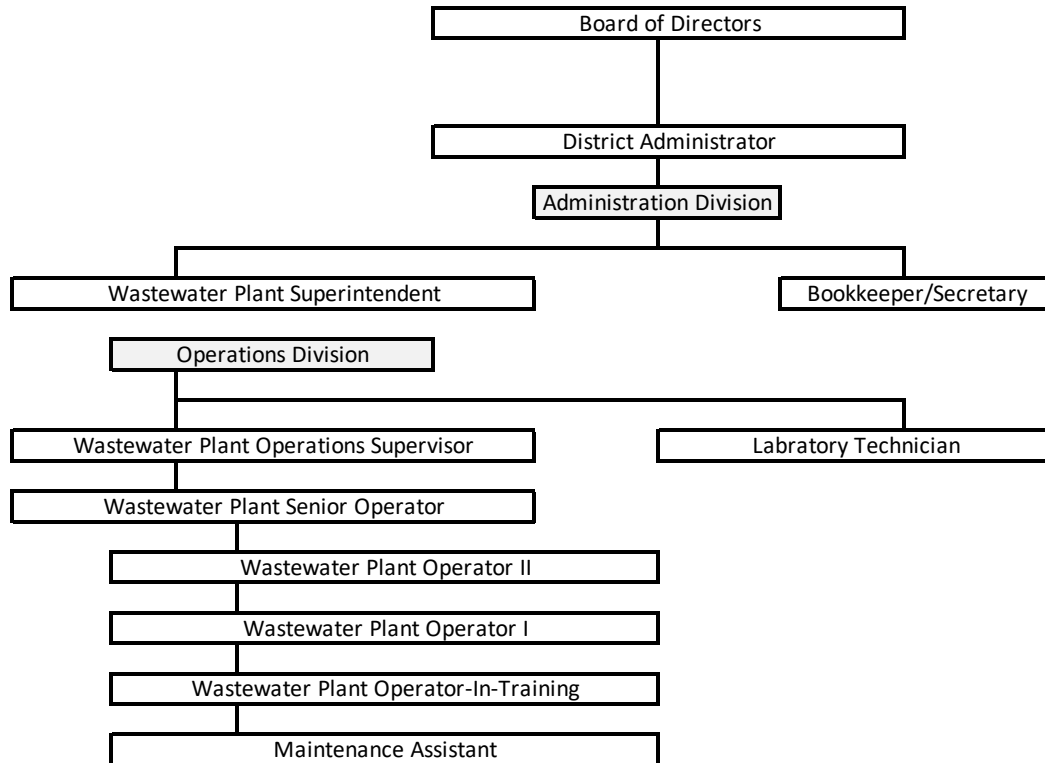

2000 – DEFINITIONS

4. Full-time Employee: An individual appointed to an allocated position in the District service normally scheduled for at least forty (40) hours per week.

A new and returning employee shall be regarded as a probationary employee for the first of year employment. In addition, this probationary period may be extended an additional 6 months at the discretion of the District Administrator. Probationary employees serve entirely at the will and pleasure of the District Administrator and may be terminated by the District Administrator without cause and without right of appeal.

9. Re-employed Individuals: Those who are in good standing before they were separated from District employment as a result of a lay-off, and subsequently re-employed, pursuant to Section 2050 (2) of these policies. Re-employed individuals are not subject to a probationary period.

A retired annuitant is paid only for hours worked. No other benefit, incentive, compensation in lieu of benefits, or other form of compensation can be paid in addition to this hourly pay rate. A retired annuitant may not be appointed to a full-time or part-time classification on the regular salary schedule.
11. Returning Employees: Individuals who meet all of the following conditions shall be considered returning and probationary employees.

2010 - CHAIN OF COMMAND

SOUTH SAN LUIS OBISPO COUNTY SANITATION DISTRICT

2015 – NEPOTISM AND FRATERNIZATION POLICY

1. Purpose

The purpose of this policy is to establish the nepotism and fraternization policy for the South San Luis Obispo County Sanitation District. This policy is intended to avoid conflicts of interest between work-related and personal/family obligations; reduce favoritism or even the appearance of favoritism; prevent personal/family conflicts from affecting the workplace; and decrease the likelihood of sexual harassment and/or gender discrimination in the workplace.

2. Definitions

As used in this Policy.

- A. "Cohabitation" applies to those employees who live together, share room and board or sire children, without being married to one another.
- B. The term "dating" includes but is not limited to one or more social meetings under circumstances that may lead to exchange of personal affection, and sexual or physical intimacy.
- C. "Division(s)" is defined as:
 - Administration Division of South San Luis Obispo County Sanitation District;
 - Operations Division of South San Luis Obispo County Sanitation District
- D. "Employee" means any person who receives a District payroll check for services, full or part time, rendered to the District.
- E. "Marital status" means an individual's state of marriage, non-marriage, divorce or dissolution, separation, widowhood, annulment, or other marital state for purpose of this policy, pursuant to Section 2.F.
- F. "Marriage" includes the relationships described in California Family Code §297-300.
- G. "Relative" means spouse, child, step-child, parent, step-parent, grandparent, grandchild, brother, sister, step-brother, step-sister, aunt, uncle, cousin, niece, nephew, parent-in-law, brother-in-law, sister-in-law, legal guardian and/or significant other as defined herein and in the fraternization policy, and/or any other individual related by blood or marriage living in the same household as the District employee.
- H. A "romantic and/or sexual relationship" exists when two District employees become personally involved with each other to the point that there is dating, exchange of personal affection, sexual or physical intimacy and/or cohabitation.

- I. A "significant other" means a relationship between an employee of the District and another individual as defined herein in (a), (b), (c) and/or (d) and elsewhere in the policy.
- J. "A "social meeting" occurs when co-employees gather for purposes not related to work for the District.
- K. Spouse" means a partner in marriage, pursuant to Section 2.F.

3. Policy/Procedure

Nepotism

It is an express finding of the District that the situation specified in this section, the employment of relatives as that term is defined herein, is contrary to appropriate District goals of safety and efficiency. The purpose of this section is to define those specific circumstances and to delineate the manner in which such employment issues will be addressed.

Close family relatives of elected officials appointed to serve on the Board of Directors of the District are not eligible for initial hire during the District member's term on the Board.

A. Relatives of employees shall not be employed in the same division of such a relative at any time by the District as further proscribed below.

1. It is found by the District that a business purpose exists and dictates that a prohibition on employment of relatives within District divisions is essential to safety and efficiency when such employment result in any of the following:

- a supervisor-subordinate relationship;
- the employees having job duties, which authorize performance of shared duties on the same or related work assignment;
- both employees being under the jurisdiction of the same immediate supervisor; or
- an adverse impact on supervision, safety, security and/or morale.

B. Effect of Post-Employment Marriage or Creation of Other "Relative" Status of District Employees

In determining rules and regulations governing the employment of District employees who become related, as defined herein, after commencement of District employ, the District is guided by the principles enunciated in the California Fair Employment and Housing Act (FEHA) which prohibits discrimination on the grounds of marital status. However, FEHA and its Regulations defining the same do authorize restrictions being placed upon married District employees (or upon people deemed related as a result of marriage [i.e., in-laws]) where for business

reasons of supervision, safety, security or morale, the employer may refuse to place one spouse or other relative under the direct supervision of another spouse or other relative and refuse to place both spouses or other relatives in the same division or facility if the work involves potential conflicts of interest or other hazards greater for married couples or other relatives than for other persons. (2 Cal. Code Regs., Section 11057; Government Code section 12940(a)(3)(A)).

1. The District retains the right to refuse to place one spouse or other relative under the direct supervision of the other spouse where there is a potential for creating adverse impact on supervision, safety, security or morale.

The District retains the right to refuse to place both spouses or other relatives in the same division where doing so has the potential for creating adverse impact on supervision, safety, security or morale or involves potential conflicts of interest.

2. In order to implement these policies, and where the above circumstances exist and mandate that two spouses or other relatives shall not work in a prohibited relationship, the District will attempt to do any of the following:

- Attempt to redefine the job responsibilities of the related employees within the division to minimize the conflict,
- If the redefinition of job status is not feasible, will attempt to transfer one spouse or other relative to a similar classified position in another District division.

3. Although the wishes of the involved parties as to which spouse or other relative is to be transferred will be given consideration by the District, the controlling factor in determining who is to be transferred shall be operation and efficiency of the District. If any such transfer results in a reduction in salary or compensation, the transfer shall not be considered disciplinary in nature and shall not be the subject of any form of administrative appeal.

4. In lieu of a transfer from one division to another, or in situations where no similar counterpart classification exists to which a spouse or other relative can be transferred, the District may request the voluntary resignation of one of the employees. If one of the employees does not voluntarily resign, the employee with the least employment experience/service with the District may be discharged by the District Administrator. Married or other related employees may continue to be employed within the same District division subject to approval by the District Administrator. However, any such continuing employment is predicated upon both spouses or other similarly situated relatives as defined in this Policy: not reporting to the same immediate supervisor; one not being supervised by the other; not working the same shift at the same work site; or, otherwise not becoming involved in a work environment having the potential for adverse impact on supervision, safety, security or morale.

Fraternization

A. Romantic Relationships Between Supervisors and Subordinate Employees Are Prohibited

Public trust, safety and District morale require that employees avoid the appearance of a conflict between their professional responsibilities and any involvement that they may have in a romantic or sexual relationship with other District employees. In order to promote efficient operation of the District and to avoid misunderstandings, complaints of favoritism, other problems of supervision, security, morale, and possible claims of sexual harassment and/or gender-based discrimination, romantic and/or sexual relations between supervisors and subordinate employees are prohibited.

B. Romantic Relationships Between Co-Employees In The Same Division Are Prohibited

Public trust, safety and District morale require that employees avoid relations that may negatively impact the efficient operation of the District. In order to promote efficient operation of the District and to avoid formation of cliques and factions, claims of sexual harassment and gender-based discrimination, and the blurring of professional and personal responsibilities and relationships in the workplace, romantic and/or sexual relationships between co-employees in the same division are prohibited.

C. Enforcement

The District reserves the right to reasonably investigate situations in the workplace to determine whether a romantic and/or sexual relationship exists and therefore presents a possible violation of this Policy. If the District determines that a proscribed relationship (as described by this policy) exists, remedial and/or disciplinary measures, including but not limited to a transfer, reassignment, or dismissal, shall be utilized to mitigate issues that arise relevant to the enforcement of this policy.

1. The District retains the right to refuse to place employees engaged in relationships prohibited by this policy in the same division where it has the potential for creating adverse impact on supervision, safety, security or morale or involves potential conflicts of interest.

2. In order to implement such policies, and where the above circumstances exist and mandate that employees shall not work in a prohibited relationship, the District will attempt to transfer one party to the proscribed relationship to a similarly classified position in another District division, should such a position exist, be available, and should the employee possess the skills and qualifications necessary to perform the essential

duties of the position. Although the wishes of the involved parties as to which individual will be transferred will be given consideration by the District, the controlling factor in determining who is to be transferred shall be the positive operation and efficiency of the District. If any such transfer results in a reduction in salary or compensation, applicable and legally required due process procedures shall be applied.

3. In lieu of a transfer from one division to another, or in situations where no similar counterpart classification exists to which an employee in a proscribed relationship can be transferred, that employee may continue to be employed within the same District division subject to approval by the District Administrator. However, any such continuing employment is predicated upon both subject employees not reporting to the same immediate supervisor; one not being supervised by the other; not working the same shift at the same work site; or, otherwise becoming involved in a work environment having the potential for adverse impact on supervision, safety, security or morale.

4. If continuing employment of employees in a relationship prohibited by this Policy cannot be accommodated consistent with the District's interest in promotion of safety, security, morale and efficiency, then the District retains sole discretion to separate one of the parties from District employ. Absent resignation by one affected employee, the less senior, in terms of overall District service, of the involved employees shall be subject to separation. In the event of separation, applicable and governing due process procedures shall be applied.

The provisions of this fraternization policy are not applicable to individuals employed by the District on or before the date of initial adoption of this policy in their current state of marriage or non-marriage. As such, a change in marital status/cohabitation, etc., of any current employee, will result in the applicability of this policy. Furthermore, those employees are subject to any and all employment-related actions by the District, that are permissible pursuant to existing District policies and procedures to address conduct that may negatively impact the work environment.

4. Employee Duty

It is the duty of all involved employees who are in a situation prohibited under this policy to immediately notify their supervisor either in person or through the chain of command that a situation exists in which the involved employee may be in violation of this policy. The District reserves the right to reasonably investigate the situation and determine whether the employee has violated this policy.

2020 – RECRUITMENT

1. Employment – Appointments

A recruitment is an open or promotional competitive examination process. Applicants for employment shall be evaluated on the basis of their completed employment application (Appendix F), submitted material(s), personal interview(s), and demonstrated ability. This District shall retain all employment applications and related materials for a period of three years, whereupon they shall be destroyed pursuant to the District Records Management System.

The District will only solicit applications when position openings exist, when letters of resignation or retirement have been tendered by employees, or when vacancies occur or after new position openings are approved by the Board of Directors, and the District Administrator, as the appointing authority, has determined it is in the best interest of the District to open a recruitment. Upon completion of such evaluation, the Board will be notified of final applicants for exempt employees, and the District Administrator or his/her designee shall select the candidate to be employed to fill the position opening and shall promptly notify the Board of Directors of the name of the person selected.

If two people are hired on the same day for jobs that have the same rate of pay, it must be determined who was hired first based on the date the employment letter is issued. If two people are hired on the same day for different rates of pay, the employee with the higher pay rate will be deemed the employee hired first.

2. District Philosophy for Advancement

It is the philosophy of the District to promote from within the District, unless it would be in the District's best interest to hire from the outside. For this reason, most employment openings as they occur will be announced to all departments. All interested employees will be considered for the announced employment opening through a recruitment examination process.

3. Employment of Relatives

Close family relatives of elected officials appointed to serve on the Board of Directors of the District are not eligible for initial hire during the District member's term on the Board.

The District Administrator may disqualify from competition any applicant for employment or transfer request where the result of a positive hiring or transfer decision would put an employee in direct supervision of (or under the direct supervision of) a close family relative: spouses, co-habitants, parents, children and siblings.

4. Pre-Employment Physical Examination

A. All offers of employment shall be made contingent upon the respective

applicant's successfully passing a physician's examination and drug test, to be provided at District expense.

B. An applicant shall not be employed until a negative drug screen result is obtained and a qualified physician has certified the applicant is qualified to do the type of work required by the position being applied for.

C. Prior to conducting the exam, the physician will be supplied with a specification/description of the position for which the applicant is applying, which shall include the description of the physical requirements and working environment of the position.

D. When the applicant reports to the medical facility for the scheduled examination and drug testing, identification shall be provided to said facility in the form of a photograph and verifiable signature (e.g. valid vehicle operator's license).

E. Applicants who refuse to cooperate in the examination and testing shall not be considered for employment. A diluted result or any other non-negative result shall be considered a positive drug test. Applicants who have a positive drug test shall be denied employment.

F. Retesting of an individual who was previously employed by the District, will be required.

G. Appointments with the medical facility providing the examination and drug testing shall be made at least one day prior to testing, if possible, with the applicant provided minimal advance notice.

H. All test results shall be kept confidential and shall be limited to only pass/fail information. The applicant may be told he/she failed to pass the test, but only the District Administrator or designee shall have access to the actual pass/fail test results.

I. District employment application forms shall contain a notice to applicants as follows:

District has a policy that any offer of employment shall be contingent upon the applicant successfully passing a physician's exam for illicit drugs pursuant to Section 5060. Persons who do not receive said physician's certification of qualification to do the type of work required by the position applied for, or who test positive for the presence of illicit drugs in their body will not be considered further for employment. If you have reason to believe that you will not pass a physician's examination or will register positive on a drug test, or if you are unwilling to consent to such a test or examination, it is recommended that you not submit an application.

Immediately prior to reporting for drug testing, all applicants shall complete a

Consent and Release Form to be kept on file in the District office, which shall conform to the format in Appendix B.

5. DMV Record

All applicants shall submit a current Department of Motor Vehicle Record and shall be required to provide proof of insurance to the District. The insurance carrier of the District will be requested to verify eligibility of insurability based upon the applicant's previous driving history. Applicants who are denied insurability by the District's insurance carrier will be disqualified.

6. Immigration

The District requires satisfactory evidence prior to the commencement of employment of legal authority to work in the United States.

7. Written/Oral Examination

The District may conduct employment testing and interviews of job applicants. Individuals who will require reasonable accommodation to participate in the selection process must make such request when submitting the application.

8. Equal Opportunity Employment

It is the policy of the South San Luis Obispo County Sanitation District that there shall be no discrimination based upon protected activities, nor protected classes including but not limited to: race, color, national origin, religion, sex (including pregnancy, childbirth, and related medical conditions), disability (physical or mental), military or veteran's status, age (40 and older), genetic information, marital status, sexual orientation and identity AIDS/HIV, medical condition, political activities or affiliations, status as a victim of domestic violence, assault, or stalking, in any personnel action, including recruitment, appointment, performance evaluation, promotion, the granting of leaves and any disciplinary or grievance action.

2030 - BREAK IN SERVICE

1. For probationary and regular employees in all classifications, length of continuous service with the District will be used as the basis for determining benefits including sick leave and vacation time benefits. Length of continuous service will also be one of the considerations in promotions and layoffs.

2. Continuous service with the District will start with the date of employment and will continue until one of the following occurs:

- A. An employee retires;
- B. An employee voluntarily terminates his/her employment;
- C. An employee is laid off; or
- D. An employee is discharged for cause.

3. Continuity of an employee's service will not be broken by absence for the following reasons, and his/her length of service will accrue for the period of such absence:

- A. Absence by reason of industrial temporary disability;
- B. Authorized absence without pay for less than thirty (30) days in a calendar year;
- C. Absences governed by applicable state and/or federal laws such as military or National Guard service; or protected leave.

4. A re-employment list shall be established and maintained by the District Administrator, or his designee for those employees who are separated from District Employment as a result of a layoff pursuant to Section 2050.2 of these policies. An employee may remain on the re-employment list for one year; and at the discretion of the District Administrator may remain on the list for one additional year. In addition to its use for re-employing regular employees, the re-employment list shall be used to determine the order in which part-time employees shall be employed when other than full-time regular work is available and additional employees are needed.

Previous full-time employees who were laid off and rehired as part-time employees will have their employment service records maintained so that they accumulate length-of-service as they work on an "hour-for-hour" basis.

Part-time employees who are re-hired for a full-time allocated position will have previously earned length-of-service maintained in their employment service records on an hour-for-hour basis after successful completion of a probationary period.

2040 - OUTSIDE EMPLOYMENT

1. No District employee shall be permitted to accept employment in addition to or outside of District service if:
 - A. The additional or outside employment leads to a conflict, or potential conflict of interest for said employee; or
 - B. The nature of the additional or outside employment is such that it will reflect unfavorably on the District; or
 - C. The duties to be performed in the additional or outside employment are in conflict with the duties including scheduling involved in District service.
2. Prior to accepting outside employment, an employee must seek approval from the District Administrator (via a District form) to ensure the above conditions have been met.
3. An employee who has approved additional or outside employment shall keep the District Administrator current as to their status with said additional or outside employment.
4. An employee who does have approved outside employment shall not be permitted to use District records, materials, equipment, facilities or other District resources in connection with said employment.

2050 - SEPARATION FROM DISTRICT EMPLOYMENT

1. Resignation

To leave District service in good standing, an employee must file a written notice of termination with the District Administrator at least two (2) weeks before the effective date. The District Administrator may, however, grant good standing with less notice if he/she determines the circumstances warrant.

Resignations may not be withdrawn without the District Administrator's approval.

Separation from District employment may also occur by retirement, release from probation, termination of employment for cause, if the employee is not available for work without approved leave, or in the event of the employee's death.

2. Layoffs

Whenever, in the judgment of the District Board, it becomes necessary, due to the lack of work, lack of funds, or other economic reason, or because the necessity for a regularly allocated 30-hour or full-time position no longer exists, the Board of Directors may abolish any position of employment, and the employee holding such position may be laid off or assigned to a lower paying position.

A. Employees to be laid off shall be notified as soon as practicable and given at least 30 calendar days prior written notice.

B. Except as otherwise provided, whenever there is a reduction in the work force, the District Administrator shall first demote to a vacancy, if any, in a lower position for which the employee who is the latest to be laid off is qualified.

C. An employee affected by layoff may have retreat (also known as bumping) rights to displace an employee who has less seniority in a lower position that the employee has previously occupied or supervised. For the purpose of this section, seniority includes all periods equivalent to full-time service at or above the retreat position being considered.

D. In order to retreat to a former or lower position, an employee must request displacement action in writing to the District Administrator within five (5) working days of receipt of the layoff notice. The displaced employee shall receive notice of lay-off pursuant to this section.

E. Employees retreating to a lower position shall be placed at the salary step representing the least loss of pay. In no case shall the salary be increased above that received in the position from which the employee was laid off.

F. If two positions have the same job description, then employees shall be laid off as follows:

1. Part-time employees within the affected class(es) shall be laid off first.
2. Probationary full-time employees working the affected class(es) shall be laid off next

in reverse order of seniority.

ii) Continues over an extended period of time (including recurring episodes of a single underlying condition); and

iii) May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.). Absences for such incapacity qualify for leave even if the absence lasts only one day.

d) A period of incapacity, which is permanent or long term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider.

e) Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment.

L. "Serious Injury or Illness": (1) in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means an injury or illness

that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; or (2) in the case of a veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time during the period of five years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran.

M. "Spouse" means a husband or wife as defined or recognized under California State law for purposes of marriage. "Spouse" also includes registered domestic partners and same-sex partners in marriage.

N. "Workweek" means the employee's normally scheduled workweeks. For eligible employees who work more or less than five days a week, or who work on alternative work schedules, the number of working days that constitute 12 weeks is calculated on a pro rata, or proportional, basis.

3. Reasons for Leave

Leave is only permitted for the following reasons:

- A. The birth of a child or to care for a newborn of an employee;
- B. The placement of a child with an employee in connection with the adoption or foster care of a child;
- C. Leave to care for a child, parent, spouse, or domestic partner who has a serious health condition;
- D. Leave because of a serious health condition that makes the employee unable to perform the functions of his/her position (i.e., an employee is unable to perform any one or more of the essential functions of his/her position);
- E. Leave for a "qualifying exigency" may be taken arising out of the fact that an employee's spouse, son, daughter, or parent is on covered active duty or call to active duty status (under the FMLA only, not the CFRA); or
- F. Leave to care for a spouse, son, daughter, parent, or "next of kin" who is a covered servicemember of the United States Armed Forces who has a serious injury or illness incurred in the line of duty while on active military duty or existed before the beginning of the member's active duty and was aggravated by service

in the line of duty on active duty in the Armed Forces (this leave can run up to 26 weeks of unpaid leave during a single 12-month period) (under the FMLA only, not the CFRA).

Employees who misuse or abuse FMLA and/or CFRA leave may be disciplined up to and including termination. Moreover, an employee who fraudulently obtains or uses FMLA/CFRA leave is not protected by the FMLA/CFRA's job restoration or maintenance of health benefits provisions.

See Section 4035 – Pregnancy Related Leaves and Transfer Privileges

4. Employees Eligible for Leave

An employee is eligible for leave if the employee:

- A. Has been employed for at least 12 months; and
- B. Has been employed for at least 1,250 hours during the 12-month period immediately preceding the commencement of the leave.

5. Amount of Leave

Eligible employees are entitled to up to a total of 12 workweeks (or 26 weeks to care for a covered servicemember) of leave during any 12-month period. Where FMLA leave qualifies as both military caregiver leave and care for a family member with a serious health condition, the leave will be designated as military caregiver leave first.

A. Minimum Duration of Leave

If leave is requested for the birth, adoption or foster care placement of a child of the employee, leave must be concluded within one year of the birth or placement of the child. In addition, the basic minimum duration of such leave is two weeks. However, an employee is entitled to leave for one of these purposes (e.g., bonding with a newborn) for less than two weeks duration on any two occasions.

If leave is requested to care for a child, parent, spouse or the employee him/herself with a serious health condition, there is no minimum amount of leave that must be taken. However, the employee must comply with the notice and medical certification provisions of this policy.

B. Parents/Spouses Both Employed by the District

In any case in which both parents are employed by the District and are entitled to leave, the aggregate number of workweeks of leave to which both may be entitled may be limited to 12 workweeks during any 12-month period if leave is taken for the birth or placement for adoption or foster care of the employees' child (i.e.,

bonding leave). Similarly, where married spouses both work for the same employer, they may be limited to a total of 12 weeks of FMLA leave for bonding leave.

In any case in which a husband and wife both employed by the District are entitled to leave, the aggregate number of workweeks of leave to which both may be entitled may be limited to 26 workweeks during any 12-month period if leave is taken to care for a covered servicemember.

Except as noted above, these limitations do not apply to any other type of leave under this policy.

6. Employee Benefits While on Leave

Leave under this policy is unpaid. While on family and medical care leave, employees will continue to be covered by the District's group health insurance to the same extent that coverage is provided while the employee is on the job for up to 12 weeks each leave year. If the employee is disabled by pregnancy, coverage will continue to be covered for up to 4 months (i.e. 17 and 1/3 weeks) for each pregnancy. In the event an employee is disabled by pregnancy and also uses leave under the California Family Rights Act, the District will maintain the employee's health benefits while the employee is disabled by pregnancy (up to four months or 17 and 1/3 weeks) and during the employee's CFRA leave (up to 12 weeks). Employees will still be responsible for the employee's share of the premiums for health benefits.

Employees will not continue to be covered under the District for any other non-health plan. If employees would like to continue to be covered under these non-health benefit plans, employees may make the appropriate contributions for continued coverage by payroll deductions or direct payments made to these plans. Depending on the particular plan, the District will inform you whether the premiums should be paid to the carrier or to the District.

Your coverage on a particular plan, including health benefits plans, may be dropped if you are more than 30 days late in making a premium payment. However, you will receive a notice at least 15 days before coverage is to cease, advising you that you will be dropped if your premium payment is not paid by a certain date. Employee contribution rates are subject to any change in rates that occurs while the employee is on leave.

If an employee fails to return to work after his/her leave entitlement has been exhausted or expires, the District shall have the right to recover its share of health plan premiums for the entire leave period, unless the employee does not return because of the continuation, recurrence, or onset of a serious health condition of the employee or his/her family member which would entitle the employee to leave, or because of circumstances beyond the employee's control. The District shall have the right to recover premiums through deduction from any sums due the District (e.g. unpaid wages, vacation pay, etc.).

7. Substitution of Paid Accrued Leaves

While on leave under this policy, as set forth herein, an employee may elect to concurrently use paid accrued leaves. Similarly, the District may require an employee to concurrently use paid accrued leaves after requesting FMLA and/or CFRA leave, and may also require an employee to use family and medical care leave concurrently with a non-FMLA/CFRA leave which is FMLA/CFRA-qualifying.

A. Employee's Right to Use Paid Accrued Leaves Concurrently with Family Leave

Where an employee has earned or accrued paid vacation, management leave, or other paid leave, that paid leave may be substituted for all or part of any (otherwise) unpaid leave under this policy.

As for sick leave, an employee may elect or the District may require an employee to use accrued sick leave only if:

1. The leave is for the employee's own serious health condition; or
2. The leave is for another reason mutually agreed upon between the District and the employee.

If the District and employee do not "mutually agree" to allow use of accrued sick leave to care for a family member, under Labor Code section 233 and Labor Code section 245 et seq., employees can use no more than 48 hours of sick leave, which is half of the sick leave hours a full-time employee can and has accrued in one year, to care for a family member with a serious health condition.

B. District's Right to Require an Employee to Use Paid Leave When Using FMLA/CFRA Leave

Employees must exhaust their accrued leaves concurrently with FMLA/CFRA leave to the same extent that employees have the right to use their accrued leaves concurrently with FMLA/CFRA leave, with two exceptions:

1. Employees are required to use any accrued and available compensatory time earned in lieu of overtime earned pursuant to the Fair Labor Standards Act.
2. Employees will only be required to use sick leave concurrently with FMLA/CFRA leave if the leave is for the employee's own serious health condition or another reason mutually agreed upon between the District and the employee.

C. District's Right to Require an Employee to Exhaust FMLA/CFRA Leave Concurrently with Other Leaves

If an employee takes a leave of absence for any reason, which is FMLA/CFRA-qualifying, the District may designate that non-FMLA/CFRA leave as running concurrently with the employee's 12-week FMLA/CFRA leave entitlement.

D. District's and Employee's Rights if an Employee Requests Accrued Leave, Other Than Accrued Sick Leave, Without Mentioning Either the FMLA or CFRA

If an employee requests to utilize accrued vacation leave or other accrued paid time off, other than accrued sick leave, without reference to a FMLA/CFRA-qualifying purpose, the District may not ask the employee if the leave is for a FMLA/CFRA-qualifying purpose. However, if the District denies the employee's request and the employee provides information that the requested time off is for a FMLA/CFRA-qualifying purpose, the District may inquire further into the reason for the absence. If the reason is FMLA/CFRA-qualifying, the District may require the employee to exhaust accrued leave as described above in Section C.

8. Medical Certification

Employees who request leave for their own serious health condition or to care for a child, parent, registered domestic partner, or spouse who has a serious health condition must provide written certification from the health care provider of the individual requiring care if requested by the District.

If the leave is requested because of the employee's own serious health condition, the certification must include a statement that the employee is unable to work at all or is unable to perform the essential functions of his/her position.

Employees who request leave to care for a covered servicemember who is a child, spouse, parent, or "next of kin" of the employee must provide written certification from a health care provider regarding the injured servicemember's serious injury or illness.

The first time an employee requests leave because of a qualifying exigency, an employer may require the employee to provide a copy of the military member's active duty orders or other documentation issued by the military which indicates that the military member is on covered active duty or call to active duty status in a foreign country, and the dates of the military member's active duty service. A copy of new active duty orders or similar documentation shall be provided to the employer if the need for leave because of a qualifying exigency arises out of a different active duty or call to active duty status of the same or a different military member.

A. Time to Provide a Certification

When an employee's leave is foreseeable and at least 30 days' notice has been provided, if a medical certification is requested, the employee must provide it before the leave begins. When this is not possible, the employee must provide the requested certification to the District within the time frame requested by the District.

(at least 15 calendar days), unless it is not practicable under the particular circumstances to do so despite the employee's diligent, good faith efforts.

B. Consequences for Failure to Provide an Adequate or Timely Certification

If an employee provides an incomplete medical certification, the employee will have seven calendar days to cure any such deficiency.

However, if an employee fails to provide a medical certification within the seven calendar days, the District may delay the taking of FMLA/CFRA leave until the required certification is provided.

C. Second and Third Medical Opinions

If the District has a good faith, objective reason to doubt the validity of a certification, the District may require a medical opinion of a second health care provider chosen and paid for by the District. If the second opinion is different from the first, the District may require the opinion of a third provider jointly approved by the District and the employee but paid for by the District. The opinion of the third provider will be binding. An employee may request a copy of the health care provider's opinions when there is a second or third medical opinion sought.

D. Intermittent Leave or Leave on a Reduced Leave Schedule

If an employee requests leave intermittently (a few days or hours at a time) or on a reduced leave schedule to care for an immediate family member with a serious health condition, the employee must provide medical certification that such leave is medically necessary. "Medically necessary" means there must be a medical need for the leave and that the leave can best be accomplished through an intermittent or reduced leave schedule.

9. Employee Notice of Leave

Although the District recognizes that emergencies arise which may require employees to request immediate leave, employees are required to give notice of their need for leave as soon as is practicable. Except for qualifying exigency leave, if leave is foreseeable, at least 30 days' notice is required. In addition, if an employee knows that he/she will need leave in the future but does not know the exact date(s) (e.g. for the birth of a child or to take care of a newborn), the employee shall inform his/her supervisor as soon as possible that such leave will be needed. If the District determines that an employee's notice is inadequate or the employee knew about the requested leave in advance of the request, the District may delay the granting of the leave until it can, in its discretion, adequately cover the position with a substitute.

For foreseeable leave due to a qualifying exigency, an employee must provide notice of the need for leave as soon as practicable, regardless of how far in advance such leave is foreseeable.

10. Reinstatement upon Return from Leave

A. Right to Reinstatement

Upon expiration of leave, an employee is entitled to be reinstated to the position of employment held when the leave commenced, or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment. Employees have no greater rights to reinstatement, benefits and other conditions of employment than if the employee had been continuously employed during the FMLA/CFRA period.

If a definite date of reinstatement has been agreed upon at the beginning of the leave, the employee will be reinstated on the date agreed upon. If the reinstatement date differs from the original agreement of the employee and the District, the employee will be reinstated within two business days, where feasible, after the employee notifies the employer of his/her readiness to return.

B. Employee's Obligation to Periodically Report on His/Her Condition

Employees may be required to periodically report on their status and intent to return to work. This will avoid any delays to reinstatement when the employee is ready to return.

C. Fitness-for-Duty Certification

As a condition of reinstatement of an employee whose leave was due to the employee's own serious health condition, which made the employee unable to perform his/her job, the employee must obtain and present a fitness-for-duty certification from the health care provider that the employee is able to resume work. Failure to provide such certification will result in denial of reinstatement.

D. Reinstatement of "Key Employees"

The District may deny reinstatement to a "key" employee (i.e., an employee who is among the highest paid 10 percent of all employed by the District within 75 miles of the work site) if such denial is necessary to prevent substantial and grievous economic injury to the operations of the District, and the employee is notified of the District's intent to deny reinstatement on such basis at the time the employer determines that such injury would occur.

11. Required Forms

Employees must fill out applicable forms in connection with leave under this policy:

- A. "Request for Family or Medical Leave Form" prepared by the District to be eligible for leave. NOTE: EMPLOYEES WILL RECEIVE A DISTRICT RESPONSE TO THEIR REQUEST WHICH WILL SET FORTH CERTAIN CONDITIONS OF THE LEAVE.
- B. Medical certification—either for the employee's own serious health condition or for the serious health condition of a child, parent, spouse or domestic partner.
- C. Authorization for payroll deductions for benefit plan coverage continuation.
- D. Fitness-for-duty to return from leave form.

4030 - BEREAVEMENT LEAVE

1. This policy shall apply to regular employees in all classifications.
2. In the event of a death of a spouse, parent, grandparent, child, brother or sister, grandchild, or corresponding relatives by marriage, an employee shall be granted a paid leave of absence not to exceed three (3) days. The employee may request use of accumulated vacation time during any additional bereavement leave, not to exceed two additional days to be approved by the District Administrator.

Proof of the need for bereavement leave may be required by the District Administrator or other responsible managing employee.

4035 - PREGNANCY RELATED LEAVES AND TRANSFER PRIVILEGES

1. This policy applies to all District employees. Under California Pregnancy Disability Leave (PDL) in the event of pregnancy, childbirth, and related physical and mental conditions, employees have rights and protections including the right to reasonable accommodations and the right to time off from work. It is illegal for employers to fire, refuse to hire, bar, harass, discharge, or otherwise discriminate against an employee because of their pregnancy, childbirth, or related condition.

A pregnancy disability is a physical or mental condition related to pregnancy or childbirth that prevents an employee from performing essential duties of her job, or if her job would cause undue risk to her or her pregnancy's successful completion.

There is no minimum service or hours worked requirement for eligibility for PDL.

However, if an employee is eligible for FMLA during PDL leave, then FMLA will run concurrently with PDL, provided the District has met the FMLA notice requirements. The duration of leave of absence for pregnancy disability under PDL shall be for the period of time the employee is actually disabled, as certified by the employee's health care provider, up to a maximum of four months (i.e., 17 and 1/3 weeks).

2. An employee who is temporarily unable to work due to a disability related to pregnancy, childbirth, or related medical conditions may take an unpaid pregnancy disability leave, except that the District may require the employee to use sick leave while disabled during the waiting period prior to commencement of indemnity benefits.

3. An employee affected by pregnancy or a related medical condition may be eligible to transfer to a less strenuous or hazardous position or to less strenuous or hazardous duties, if such a transfer is medically advisable and can be reasonably accommodated.

Employees with a certified medical necessity for an accommodation shall provide reasonable advance notice to allow for the interactive process in determining the feasibility of implementing a reasonable accommodation.

4. Time off for necessary prenatal care, severe morning sickness, prenatal or postnatal care, doctor ordered bed rest, childbirth, gestational diabetes, pregnancy-induced hypertension, preeclampsia, post-partum depression, loss or end of pregnancy, and recovery from loss or end of pregnancy are all covered by this policy.

5. Employee Obligations

A. An employee should make requests for pregnancy disability leave to her supervisor at least 30 days in advance of foreseeable events and as soon as possible for unforeseeable events.

B. A health care provider's statement must be submitted verifying the need for

pregnancy disability leave or for a transfer and stating: (1) The date on which the employee became disabled due to pregnancy, childbirth or related medical condition or the date on which the need for a transfer became medically advisable; (2) The probable duration of the period(s) of disability or the duration of the need for a transfer; and (3) A statement that, due to the disability, the employee is unable to perform one or more of the essential functions of her position without undue risk to herself, the successful completion of her pregnancy, or to other persons, or that the transfer is medically advisable. The District may require recertification if the employee requests an extension beyond the original certification.

C. If there is any change in the information contained in the health care provider's statement, the employee should report these changes promptly to her supervisor.

6. Length of Leave

A. Full-time employees are granted unpaid leave for the period of actual disability, up to a maximum of four months (17 1/3 weeks, 40-hour week employees).

B. Part-time employees are granted unpaid leave on a pro-rata basis.

C. The pregnancy disability leave need not be taken in one continuous period of time but can be taken on an as-needed basis. In other words, leave may be taken intermittently or on a reduced work schedule when determined medically advisable by the employee's health care provider.

The smallest increment of time that can be used for such a leave is one-half hour. The District may transfer the employee to an alternative position or temporarily alter the existing job to accommodate intermittent leave or a reduced work schedule, due to pregnancy disability. The employee will receive the same pay and benefits in the alternative position. Upon such request, the District will enter into the interactive process to determine feasibility to provide a reasonable accommodation.

7. Compensation and Benefits

A. An employee taking pregnancy leave must use accrued sick leave before entering leave-without-pay status. The employee may then substitute all accrued paid vacation before continuing leave on an unpaid basis. Compensated and uncompensated leave will be counted toward the four-month entitlement.

B. The employee may also be eligible for state disability insurance for the unpaid portion of the leave.

C. Employees on leave-without-pay will not continue to accrue vacation time and will not be paid for holidays during the leave.

D. If an employee taking a Pregnancy Disability Leave would be entitled to continuation of health benefits under the District, the employee will continue participating in any health and welfare benefit plans in which he/she was enrolled before the first day of the leave (for up to a maximum of 12 workweeks) at the level and under the conditions of coverage as if the employee had continued in employment for the duration of such leave, provided that the employee continues to pay his or her required portion of the premium payments (if any).

The District will continue to make the same premium contribution as if the employee had continued working. The continued participation in health benefits begins on the date leave first begins. An employee who does not return from leave may be required, under certain circumstances provided by the law, to reimburse the District for any employee contributions paid by the District while the employee was on unpaid leave.

Any employee taking a Pregnancy Disability Leave who is not eligible for benefits continuation under the Family and Medical Leave Policy will receive continued benefits on the same terms and conditions as other medical leaves.

8. When a pregnancy disability leave ends, the District will reinstate an employee to her original position or to a comparable position with equivalent pay, benefits, and other employment terms and conditions. However, an employee has no greater right to reinstatement than if the employee had been continuously employed rather than on leave. For example, if an employee on Pregnancy Disability Leave would have been laid off had she not gone on leave, or if the employee's position has been eliminated during the leave and there is no comparable position available, then the employee would not be entitled to reinstatement.

An employee's use of Pregnancy Disability Leave will not result in the loss of any employment benefit that the employee earned or was entitled to before the leave. So that the District can properly schedule an employee's return to work, an employee on pregnancy disability leave should provide her supervisor with at least two week's advance notice of the date she intends to return to work.

9. Employees returning from pregnancy disability leave must submit a health care provider's verification of their fitness to return to work.

10. After an employee is no longer disabled under PDL, and meets eligibility for FMLA/CFRA, any remaining FMLA leave shall run concurrently with CFRA to bond with the newborn. (See Section 4025-Family and Medical Leave for CFRA bonding leave.)

11. Lactation Accommodations

A. The District will provide nursing mothers, up to one year after the birth of their child, a reasonable break time each time the employee needs to express milk, unless doing so would seriously disrupt District operations.

B. The employee shall make a reasonable request with enough advance notice to allow for securing an appropriate location, and to allow for back-up staffing so as to not unduly disrupt District services.

C. Any time needed beyond the employee's regular break and meal period(s) shall require the use of an appropriate paid leave accrual.

D. The District must provide a place, other than a toilet stall, that is shielded from view and free from intrusion from coworkers and the public, which nursing mothers may use. A "do not disturb" sign shall be placed on the door and windows (if any) shall be covered.

4040 - LEAVE FOR JURY DUTY

This policy shall apply to probationary and regular employees in all classifications.

1. An employee summoned for jury duty will immediately notify the District Administrator or other responsible managing employee.
2. While serving on a jury, he/she will be paid for the duration of said jury duty at their regular pay rate.
3. Said paid leave of absence is conditional upon the employee returning to work upon dismissal each day to complete his/her remaining normal workday, and District receipt of Court documents certifying (by the Clerk's Office staff) the jury time served at the end of the service.
4. It is also conditional upon the employee's conveyance to the District of any compensation received; however, employees may keep any mileage paid by the Court.

4045 - CATASTROPHIC LEAVE DONATION PROGRAM

Upon written request of an employee and approval from the District Administrator, sick leave accruals may be transferred from one or more employee(s) to another under the following conditions:

1. The employee receiving sick leave credits faces financial hardship due to an injury, or prolonged illness, or other medical condition of the employee, as certified by a medical provider.
2. The employee receiving the credit has exhausted all paid sick and vacation leave accruals, and any other paid leave accruals.
3. Vacation leave, compensatory time, holiday accruals or any other type of credit cannot be transferred.
4. Donations of sick leave must be in whole hour increments and may not exceed forty (40) hours by the donating employee without approval from the District Administrator. Further, the donating employee must retain a bank of 40 hours sick leave accruals after the donation.

Employee participation as a donor is voluntary, and employees shall not be pressured into participating by donating time from their own sick leave accruals.

Transfer of sick leave is on an hour for hour basis, the transfer of which is non-revocable.

5. Donors and individual hours donated shall be maintained as confidential payroll information and shall not be released. Recipients accept donated hours with the understanding that the District will not release information regarding individual donors.
6. Provisions of this catastrophic leave program are not subject to any grievance procedures or the subject of any appeal to the Board of Directors.

4050 - VOLUNTARY LEAVE OF ABSENCE

1. Voluntary Leaves of Absence without Pay

A. With the approval of the District Administrator, an employee may request a leave of absence without pay for a period of up to 90 days. Such request shall be written.

B. Voluntary leaves of absence without pay will only be authorized once all available vacation and any other accrued leave time has been used by the employee. The leave of absence without pay will be without any accrual of pay and/or other benefits available to regular employees of the District and shall extend the salary anniversary date if the employee has not yet reached the top step of their salary range.

C. Due to the District's limited work force, maintenance of job classifications for the term of a voluntary authorized leave of absence without pay cannot be guaranteed beyond the approved end date.

D. For an employee who requests a voluntary leave of absence that would be granted for eligible employees under the Family Medical Leave Act, Section 4025 shall determine accommodations.

2. Employee Obligations

A. For most leaves, (except FMLA or other protected eligible leaves), employees will not be permitted to take their leave intermittently or on a reduced-leave schedule without the District Administrator's approval.

4055 - FAMILY-SCHOOL PARTNERSHIP ACT aka Child Related Activities

1. Policy Statement:

An employee who is a parent of one or more children of the age to attend kindergarten or grades 1 through 12 inclusive, or under the care of a licensed child-care provider, may upon reasonable notice take their own paid leave to participate in one or more of his/her children's school activities.

2. Definitions

Under this policy:

“Child Related Activities” means activities related to the following:

- To find, enroll, or reenroll an employee’s child in a school or with a licensed child-care provider.
- To participate in school-related or licensed child-care related activities, if prior to taking time off the employee gives reasonable notice to their supervisor.
- To address a school emergency or licensed child-care provider emergency, if the employee gives notice to the employer.

“Documentation” means proof that the employee is engaged in child-related activities permitted by this policy, on a specific date and at a particular time. Whatever written verification of parental participation the school or licensed child day care provider deems appropriate and reasonable.

“Emergency Need” means school emergency or licensed child-care provider emergency such that an employee’s child cannot remain in a school or with a licensed child-care provider due to the following:

- The school or licensed child-care provider has requested that the child be picked up, or has an attendance policy, excluding planned holidays, that prohibits the child from attending or requires the child to be picked up from the school or licensed child-care provider.
- Behavioral or discipline problems.
- Closure or unexpected unavailability of the school or licensed child-care provider, excluding planned holidays.
- A natural disaster, including but not limited to, fire, earthquake, or flood.

“Licensed Child Care Provider” means a facility licensed by the State of California. The Child Care Licensing Program is mandated by law to provide preventive, protective, and quality services to children in care by ensuring that licensed facilities meet established health and safety standards through monitoring facilities, providing technical assistance, and establishing partnerships with providers, parents, and the child-care community.

“Parent” means a parent, guardian, stepparent, foster parent, or grandparent of, or a person who stands in loco parentis to a child.

“Reasonable Notification For Time Off” means when an employee identifies the need for paid leave as child-related in advance, and gives notice pursuant to District notification purposes.

3. Level of Coverage

A. Eligibility

Employees must use an appropriate paid leave accrual and are limited to no more than forty (40) hours annually, up to a total of eight (8) hours of paid leave in any month, regardless of how many children they have.

B. Both Parents Employed by the Same Employer

If both parents of a child are employed by the District, only the parent who first gives notice to the employer is entitled to the time off at any one time. The other employee may request a planned simultaneous absence if the employer approves the requested time off.

The employee shall utilize accrued vacation, management leave or earned floating holiday hours, (to the extent available), prior to being on leave without pay up to the prescribed time limitations. Sick leave is not available for use under this provision. Leave used under Child Related Activities time is not eligible as leave covered under FMLA/CFRA.

4. Procedure for Requesting Time Off

The employee shall provide advance reasonable notice for the paid time off, so as not to interfere seriously with or impair the efficiency of operations.

The District may also require proof in the form of documentation be provided verifying employee participation in child-related activities. See documentation under Definitions above.

4060 – INJURED ON DUTY

1. All on-the-job injuries shall be immediately reported to a supervisor, no matter how minor. The supervisor shall complete an onsite review of where the injury occurred, take photos regarding any safety issues and make an immediate report to the District Administrator where appropriate documentation shall be made.

2. All minor injuries should be treated with first aid as soon as possible, and then a “first aid” report completed and turned in to a supervisor.

If the injury or illness requires the care of a physician, the employee must be provided a workers’ compensation claim form (DWC-1) within one working day after the work-related injury or illness is reported. The District Administrator or designee must return a copy of the completed form to the employee within one working day of receipt.

3. Exposure forms must be completed for exposure to hazardous materials or infectious blood borne pathogens and turned in to the supervisor on shift or designee. Documents must be maintained pursuant to the District Records Management System.

4. In addition to immediately reporting on-the-job injuries to a supervisor, employees must complete an injury, accident, and damage report within twenty-four hours of occurrence. These reports must be filed in ink; no pencil written reports will be accepted. Upon completion of report, it must be turned in to the District Administrator who shall retain such reports pursuant to the District Records Management System.

5. All evidence must be preserved, until such time that the District Administrator deems appropriate, in keeping with the District Records Management System.

4065 - LEAVE FOR VICTIMS (LC §230)

1. Confidentiality

Confidentiality of the employee requesting leave, and all related documents under this provision must be maintained. Managers and supervisors may only provide a narrow scope of information required to conduct District business, for example those parties with a “business need to know” for scheduling or work production, may only receive verbal information relative to the probable duration of the absence and/or accommodation.

A verbal or written statement or document shall not be disclosed except as required by federal or state law, or as necessary to protect the employee’s safety in the workplace. The employee shall be given notice before any authorized disclosure of such document.

2. Level of Coverage

Recertification may be requested of the employee every six months.

D. If the circumstances change, and the employee needs a new accommodation, the employee shall request a new accommodation in writing, following the procedures defined herein. The District shall resume the interactive process to determine if a new reasonable accommodation is effective.

E. If an employee no longer needs an accommodation, the employee shall promptly notify the employer in writing that the accommodation is no longer needed.

5. Leave Use

An employee who has a need to be absent from work related to this section, may elect to use their accrued paid vacation time, sick leave time, earned floating holiday if any, earned management leave, or other paid leave or unpaid leave time.

4080 - COBRA HEALTH INSURANCE BENEFITS NOTICE

1. Purpose:

Federal law requires most employers sponsoring group health plans to offer employees and their families the opportunity for a temporary extension of health coverage (called "continuation coverage") at group rates in certain instances where coverage under the plan would otherwise end. Additionally, the Tax Reform Act of 1986 makes a number of technical amendments to the continuation coverage provisions. Finally, the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1986 further amends the continuation coverage provisions.

2. Policy Statement:

This notice is intended to inform you, in a summary fashion, of your rights and obligations under the continuation coverage provisions of COBRA. Both you and your spouse should take the time to read this notice carefully.

3. Process:

If you are a District employee covered by the District health plan, you have a right to choose this continuation coverage if you lose your health coverage because of a reduction in your hours of employment or the termination of your employment (for reasons other than gross misconduct on your part).

A. If you are the spouse of an employee covered by the health plan, you have the right to choose continuation coverage for yourself if you lose group health coverage under the health plan for any of the following five qualifying events:

1. The death of your spouse;
2. A termination of your spouse's employment (for reasons other than gross misconduct) or reduction in your spouse's hours of employment;
3. Divorce or legal separation from your spouse;
4. Your spouse becomes eligible for Medicare; or
5. A bankruptcy proceeding under Title XI is commenced with respect to the District from whose employment your spouse retired at any time, and your benefits are terminated or substantially reduced within one year of the filing of such bankruptcy.

B. In the case of a dependent child of an employee covered by the health plan, he or she has the right to continuation coverage if group health coverage under the plan is lost for any of the following six qualifying events:

1. The death of a parent;
2. The termination of a parent's employment (for reasons other than gross misconduct) or reduction of a parent's hours of employment with the District;

3. A parent's divorce or legal separation;
4. A parent becomes eligible for Medicare;
5. The dependent ceases to be a "dependent child" under the health plan;
or
6. A bankruptcy proceeding under Title XI is commenced with respect to the District from whose employment your parent retired at any time and your benefits are terminated or substantially reduced within one year of the filing of such bankruptcy.

C. If there is a choice among the types of coverage under the health plan, each qualified beneficiary (e.g., employee, retiree, spouse or dependent child) is entitled to make a separate selection among such types of coverage. With regard to the term "qualified beneficiaries," such term does not include nonresident aliens without any earned income.

D. Under the law, the covered employee or qualified beneficiary has the responsibility to inform the District Administrator of a divorce, legal separation, or a child losing dependent status under the health plan within sixty (60) days after the date of such event. Failure to provide such notice may result in a forfeiture of a qualified beneficiary's right to continuation coverage.

1. When the District Administrator is notified that one of these events has happened, the Administrator will in turn notify you within fourteen (14) days that you have the right to choose continuation coverage. Under COBRA, you have at least sixty (60) days from the date you would lose coverage because of one of the events described above to inform the Plan Administrator that you want continuation coverage.

E. If you do not choose continuation coverage, your group health insurance coverage will end. If you choose continuation coverage, the District is required to give you coverage which, as of the time coverage is provided, is identical to the coverage provided under the plan to similarly situated employees or family members. In case of termination of employment or reduction in hours, your required continuation coverage period is eighteen (18) months. Further, a qualified beneficiary may have more than one qualifying event, but the coverage period may not exceed a total of thirty-six (36) months.

F. COBRA also provides that your continuation coverage may be cut short for any of the following reasons:

1. The District no longer provides group health coverage to any of its employees;

2. The premium for your continuation coverage is not paid within thirty (30) days after the date due or within such longer period as applies under the plan;
3. You become covered under any other group health plan (as an employee or otherwise);
4. You become eligible for Medicare; or
5. You are disabled for a period in excess of 120 days.

G. You do not have to show that you are insurable to choose continuation coverage. However, under COBRA, you may have to pay 102% of the premium for your continuation coverage. (At the end of the 18-month continuation coverage period, you must be allowed to enroll in an individual conversion health plan provided under the health plan if otherwise generally available under that plan.)

H. There may be a more affordable or more generous coverage options for you and your family through other group health plan coverage (such as a spouse's plan), the Health Insurance Marketplace, or Medicaid. In the Marketplace you may be eligible for a tax-credit that lowers your monthly premiums and cost-sharing reductions; you can determine what your costs will be before you enroll in a plan. In California see Covered California at www.coveredca.com.

4090 - MILITARY LEAVE

1. Purpose:

Pursuant to California Military Code §394.5 the District will provide up to 17 days of job-protected unpaid leave to employees who are members of the reserve corps of the armed forces of the United States, the National Guard or the naval militia when called to military duty for purposes of military training, drills, encampment, naval cruises, special exercises or the like. This leave is in addition to the leave provided under the federal Uniformed Services Employment and Reemployment Rights Act (USERRA), 39 U.S.C. §4301, et seq.

2. Policy Statement:

An employee who enters the armed forces of the United States will be placed on an extended leave, without pay, in accordance with federal and state laws governing such leaves including The Uniformed Services Employment and Reemployment Rights Act (USERRA) and California Military Code §394.5.

3. Process:

Eligible employees are members of the reserve corps of the armed forces of the United States, the National Guard or the naval militia, or members of the California State Military Reserve.

A. The employee shall provide a copy of his/her official orders for entry into active or inactive duty. Failure to submit a copy of the official orders may result in ineligibility for reemployment protection following the period of military leave.

Employees on Military Leave do not accrue paid leave benefits while on leave.

Normal health insurance benefits shall be continued by the District, if the military leave is 30 days or less. For absences of 31 days or more, insurance coverage stops unless the employee elects to pay for continued coverage (for a period of up to 18 months) of no more than 102 percent of the plan's full premium. Health insurance shall be reinstated on the day the employee is reinstated with no waiting period.

B. Upon completion of military service, the employee will be reinstated with full seniority to his/her former position or to a comparable position if application for re-employment is made within the following time limits, which are dependent upon the duration of the orders.

C. An employee, who enters active military duty (voluntarily or involuntarily) from any position, including a temporary position, has full job protection, provided he or

she applies for reemployment within the following time limits:

1. Employees who served less than 31 days must report back to work at the beginning of the next scheduled workday following their release from service and the expiration of 8 hours after a time for safe transportation back to the employee's residence.
2. Employees who served more than 30 days, but less than 181 days; must apply for reemployment within 14 days of release by the military.
3. Employees who served 181 days to five years, have 90 days to apply for reemployment.

4095 - TIME OFF TO VOTE

1. If a voter does not have sufficient time outside of working hours to vote in a statewide election, the voter may, without loss of pay, take off enough working time that, when added to the voting time available outside of working hours, will enable the voter to vote.
2. The District will pay a voter (employee) for up to but no more than the first two hours of absence from regularly scheduled work necessary to vote. The time off for voting shall be only at the beginning or end of the regular working shift, whichever allows the most free time for voting and the least time off from the regular working shift, unless otherwise mutually agreed.
3. Any additional time off will be without pay.
4. An employee must give reasonable notice of the need to have time off to vote; if the voter knows or has reason to believe that time off will be necessary to be able to vote on election day, the employee shall give the employer at least two working days' notice that time off for voting is desired, in accordance with Elections Code 14000.
5. No employee will be penalized or retaliated against for requesting time off to vote.

5000 - UNAUTHORIZED VOLUNTARY ABSENCE

1. Voluntary absence from work without permission is considered job abandonment and grounds for termination.

2. Voluntary absence from work without permission for three (3) consecutive working days shall be considered an automatic resignation from District service as of the last day the employee worked.

A. The absent employee may file a written appeal for reinstatement with the District Administrator, no later than seven (7) calendar days after the date of notification by the District that the employee was terminated due to job abandonment. Upon receipt of a written appeal to termination for job abandonment, the District Administrator will hold a Skelly-type due process hearing within ten (10) calendar days. The District Administrator shall make the final determination, with no further right of appeal.

B. Reinstatement will be granted only if the employee provides a satisfactory explanation with supporting documentation during the appeal process, as to the cause of the absence and his/her failure to obtain leave, and it is found that s/he is ready, able, and willing to discharge his/her duties or has obtained approval for a leave of absence.

5010 - GRIEVANCE PROCEDURE

1. Purpose:

The purpose of this policy is to provide a procedure by which an employee may formally claim that he/she has been affected by a specific violation, misapplication, or misinterpretation of a law, District policy, rule, regulation, written instruction and/or memorandum of understanding (MOU) provision, for which there is no other specific method of review provided by the District.

2. Policy Statement:

This policy shall apply to all regular employees in all classifications.

Specifically excluded from the grievance procedure are changes in employee relations resulting from the amendment of state or federal law; and those resolutions, ordinances or minute orders of the District's Board of Directors, which do not affect wages, hours and terms and conditions of employment. Performance evaluations (which may be responded to within thirty (30) calendar days), and due process progressive discipline are also excluded from the grievance procedure.

3. Grievance Procedure Steps.

A. Level I – Immediate Supervisor. Within 5 workdays following the incident that caused or led to the grievance, the employee will give notice of the grievance to his/her immediate supervisor. The immediate supervisor shall hold discussions and attempt to resolve the matter within three (3) working days after receiving notice of the grievance. It is the intent of this informal meeting that at least one personal conference be held between the employee and the immediate supervisor.

B. Level II – Immediate Supervisor. If the employee is not satisfied with the discussions and personal conference, the employee shall then present a formal written grievance (using the form provided by the District), including evidence to his/her immediate supervisor within five (5) working days after the date of conference between the employee and the immediate supervisor. The written grievance shall cite the specific law that was misinterpreted, or the specific policy, rule, regulation, written instruction, or MOU provision alleged to have been violated or misapplied. The supervisor will then provide the employee with a written reply within five (5) working days.

If the employee's immediate supervisor is the District Administrator and the employee is not satisfied with Level I discussions and personal conference, the employee may advance from Level I to Level III.

C. Level III – District Administrator. If the grievance has not been resolved at Level II, the employee must present his/her grievance on the written form provided by

the District to the District Administrator within ten (10) working days after receiving the written reply from his/her immediate supervisor. The statement shall include the following:

1. A concise statement of the grievance including specific reference to any law, policy, rule, regulation, written instruction and/or MOU provision deemed to be violated, misapplied or misinterpreted;
2. The circumstances involved;
3. The decision rendered by the immediate supervisor at Level II;
4. The employee's reason that the immediate supervisor's written response did not resolve the matter;
5. The specific remedy sought.

The District Administrator shall communicate his/her decision within ten (10) workdays after receiving the grievance. Decisions will be in writing setting forth the decision and the reasons therefore and will be transmitted promptly to the grieving employee.

If the District Administrator does not respond within the time limits, or if the District Administrator's response does not resolve the grievance, the employee may seek a second opinion through mediation, as specified below. Time limits for requesting mediation shall begin the 5th day following transmission of the District Administrator's written decision or after the time limits for the District Administrator's response have expired. Within the above time limits either party may request a personal conference with the other.

D. Level IV -- Advisory Mediation and Final Decision. If the grievance has not been resolved at Level III, the employee must present his/her written request to the District Administrator to submit the grievance to mediation from the State Mediation and Conciliation Service within seven (7) calendar days. The mediation shall be concluded as promptly as practicable, and the evidence, written findings and advisory decision of the mediator submitted to the District Administrator.

The District Administrator, after weighing the advisory decision, findings and evidence of the mediator, shall render a final written decision on the grievance and transmit it to the employee within thirty calendar days after receiving the evidence, findings and advisory decision of the mediator.

The District Administrator's decision following the mediation, or, if a decision is not timely transmitted to the employee, the advisory decision of the mediator, shall be final and the matter shall be closed. Any fees or expenses associated with having the Service provide a mediator shall be:

- borne equally by the employee and the District if the District Administrator's decision does not override the mediator's; or
- borne by the District if the District Administrator's decision overrides the mediator's.

E. Basic Rules – If an employee does not timely present the grievance or does not timely comply with each of the steps set out above or does not appeal the decision rendered regarding the grievance within the time limits specified above, the grievance shall be considered resolved, and the matter shall be closed.

By agreement in writing, the parties may extend any and all time limitations of the grievance procedure.

The District Administrator may temporarily suspend grievance processing on a District-wide basis in an emergency situation.

A copy of all formal grievance decisions shall be maintained in a confidential file and retained pursuant to the District's Records Management System.

4. Other Remedies:

Prior to pursuing remedies provided by law, employees must first comply with the District's grievance procedure.

5020 - DISCIPLINE AND APPEALS PROCEDURE

1. Purpose:

The purpose of this procedure is to establish the types of actions for which an employee can be disciplined and the disciplinary measures that may be used.

2. Exclusive Remedy:

The procedure set forth in this Procedure shall be exclusive, and the failure of an employee to utilize the provisions herein shall constitute a waiver of any claim to relief.

The following are set forth as examples only and shall not be construed as an exclusive list:

- A. Fraud in securing employment.
- B. Improper use of sick leave privileges, continued absenteeism or tardiness, and/or unexcused absences.

- T. Violation of State or Federal law.

5. Types of Discipline - Minor

A. **Corrective Counseling:** Corrective counseling may be conducted with an employee whose conduct or performance must be improved and which details the areas for improvement, the degree of improvement required, and notice that failure to improve will result in more serious disciplinary action. The supervisor shall document the verbal warning and provide a copy to the employee. Corrective Counseling is not subject to appeal.

B. **Written Reprimand:** The appointing authority may issue a formal written notice to an employee which summarizes previous related corrective or disciplinary action, if any, and/or which details conduct subject to discipline and which advises that continued conduct at such levels may result in suspension, pay reduction, demotion or dismissal from employment. The employee must acknowledge receipt of the reprimand by signing the letter at the time of presentation; this signature signifies only receipt of the document, not necessarily agreement as to the contents. A copy of the reprimand shall be filed in the official personnel file for said employee. The written reprimand is not subject to appeal; however, the employee shall have the right to submit a written rebuttal within thirty (30) calendar days after receipt of the written reprimand. A written rebuttal shall be kept in the employee's personnel file.

6. Types of Discipline - Major

A. **Suspension:** The temporary removal of an employee from the service of the District without compensation or benefits. A suspension of this type does not include placing an employee on unpaid administrative leave, pending an investigation of alleged misconduct as described in Section 7.A below.

The Notice shall include:

1. The proposed discipline.
2. The effective date of the discipline.
3. The reasons for the discipline.
4. Attachment of, or reference to, any written documents pertinent to the discipline.

An employee may, where circumstance warrant, be placed on administrative leave with or without pay by the appointing authority, pending the hearing held pursuant to Section 7C., below or pending an investigation of alleged misconduct.

B. Service of Charges. Service of the Notice of Intent to Discipline shall be made by:

1. Personally giving the employee a copy, which shall be signed by the employee as receipt thereof. Employee's refusal to sign in receipt of said notice shall not affect the validity of the service; or
2. If service under 1., is infeasible; by first class certified mail, return receipt requested, to the last known mailing address of the employee. The post marked date shall serve as the date of Notice of Intent to Discipline. A declaration of mailing under penalty of perjury must be completed by the employee who delivered the notice to the post office.

Service is deemed complete when any one of the preceding steps is taken.

C. Informal Hearing Procedure (Skelly Hearing). The employee shall be given an opportunity at an informal hearing to show why the proposed major discipline should not be imposed prior to its imposition.

1. The employee may request an extension to respond, if his/her written request for an extension is received by the District Administrator, within seven (7) calendar days of the Notice of Intent to Discipline.
2. The hearing will be conducted by a Reviewing Officer who shall be the District Administrator or his/her designee. The hearing shall include the employee, the employee's representative, if the employee so wishes, and others as directed by the Reviewing Officer.

The pre-disciplinary response allows the employee an opportunity to present his/her side of the facts leading to discipline; however, it is not intended to be an adversary hearing. The employee shall identify in writing the identity of relevant witnesses to testify at least 48 hours prior to said informal hearing. The employee need not be accorded the opportunity to cross-examine a District witness, nor shall the employee be required to present a formal case in opposition to the proposed discipline.

3. At the pre-disciplinary hearing the employee shall be given an opportunity, either orally, in writing, or both, to bring forward facts or circumstances which may cause the proposed discipline to be revised or dismissed. The hearing shall be recorded, with a copy provided to the employee.
4. The Reviewing Officer shall issue his/her decision within ten (10) working days of the hearing. The decision may uphold the disciplinary action, modify the discipline, reduce the level of discipline to a minor status, or dismiss the proposed discipline.
5. The decision will contain a synopsis of the informal hearing and shall be served on the employee as provided in Section 7.B. The decision shall also inform the employee of his or her right of appeal as provided in Section 9, below.

8. Appeal from Minor Discipline:

As stated above minor discipline is not subject to appeal; however, a rebuttal to a written reprimand may be filed within parameters and the timeframes prescribed in Section 5.B., above.

9. Appeal from Major Discipline:

If an employee desires to appeal the decision issued pursuant to Section 7, above, then the following procedures shall apply.

A. The appeal must be in writing and received by the District Administrator within ten (10) working days after service on the employee of the decision of the Reviewing Officer.

B. The Board of Directors shall appoint a Hearing Officer who shall not be another Director, an employee, or an independent contractor of the District to conduct a hearing on the appeal from the decision of the Reviewing Officer.

C. The hearing shall be conducted within sixty (60) days of the appellant's request for appeal, unless the District Administrator and the appellant agree in writing that the date of the hearing be extended for a specified time.

D. All hearings shall be closed to the public, unless the employee requests the hearing to be open to the public. Any request for an open hearing shall be submitted in writing at least fifteen (15) working days prior to the hearing, or the hearing will be closed.

1. The employee (and his/her representative), District representatives and the Hearing Officer shall be notified in writing of the date, time, and place of the hearing at least ten (10) working days prior to the hearing.
2. Seven (7) working days prior to the date set for the hearing, each party shall serve upon the other party and submit to the Hearing Officer a list of all witnesses, exhibits, and any briefs.

E. The hearing shall be conducted in the manner most conducive to determination of the truth, and the Hearing Officer shall not be bound by technical rules of evidence. The Hearing Officer shall determine the relevancy, weight, and credibility of testimony and evidence. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence but shall not be sufficient in itself to support a finding unless it would be admissible over an objection in civil actions. The Hearing Officer shall base his/her findings on the preponderance of the evidence.

F. The Hearing Officer shall rule on the admission or exclusion of evidence. The Hearing Officer reserves the right to question witnesses during testimony for clarification purposes. The evidentiary decisions of the Hearing Officer shall not be invalidated by any informality in the proceedings.

G. Oral evidence shall be taken only on oath or affirmation.

H. The appellant shall personally attend all sessions of the hearing, unless specifically excused by the Hearing Officer for proper cause. Unexcused failure of the appellant to appear at a hearing shall be deemed a withdrawal of the appeal.

I. The Hearing Officer shall record all proceedings. Both parties shall have access to the recordings. Either party may request a stenographer. The requesting party shall pay for those costs. If both parties request a stenographer, the cost shall be split by both parties.

J. The hearing shall proceed in the following order, unless the Hearing Officer directs otherwise:

1. The District shall be permitted to make an opening statement.
2. The appellant shall be permitted to make an opening statement.
3. The District shall produce its evidence.
4. The appellant shall then have the right of impeachment and/or cross-examination. Further presentation shall be at the pleasure of the Hearing Officer.
5. The appellant may then offer his/her evidence.
6. The District shall then have the right of impeachment and/or cross-examination. Further presentation shall be at the Hearing Officer's pleasure.
7. The parties may then offer rebutting evidence only, unless the Hearing Officer, for good cause, permits them to offer evidence upon their original case.
8. Arguments may be permitted at the discretion of the Hearing Officer. The party with the burden of proof shall have the right to close the hearing by making the last argument.
9. Post trial briefs may be requested at the discretion of the Hearing Officer.

K. During the examination of a witness, all other witnesses, except the parties, shall be excluded from the hearing upon motion of either party.

L. The District's exhibits shall be designated numerically. The appellant's exhibits

shall be designated alphabetically. Neither party will be permitted to call a witness or use an exhibit not previously identified unless the party can demonstrate that they could not reasonably have anticipated the prior need for such witness or exhibit.

M. Each party shall have the following rights:

1. The District and the appellant may be represented by legal counsel or other person of his/her choice.
2. To call, examine and cross-examine witnesses.
3. To Introduce evidence.
4. To impeach any witness regardless of which party first called him/her to testify and to rebut the evidence against him/her.

N. The Hearing Officer, upon a request by either party and upon his/her determination concerning relevance and propriety, may issue subpoenas to witnesses and/or require the production of other records or material evidence.

O. The Hearing Officer may, prior to or during a hearing, grant a continuance upon showing good cause.

P. The Hearing Officer shall prepare a written decision and serve it on the appellant pursuant to Section 7.B, above, and provide a copy to the Board of Directors not later than thirty (30) calendar days after the matter of appeal was taken under submission by the Hearing Officer. The written decision shall set forth the Hearing Officer's findings of fact and shall state reasons why the discipline is to be sustained, modified, reduced or dismissed.

Q. The written decisions of the Hearing Officer shall be final and binding. The Hearing Officer's written decision shall not be invalidated by any informality in the proceedings.

R. If the appellant is dissatisfied with the Hearing Officer's decision and wishes to seek judicial review, the limitations period provided in Code of Civil Procedure Section 1094.6, or any successor statute, shall apply.

5030 - SAFETY

1. Accident Prevention

The District is concerned about the health and safety of all employees. Employees are expected to share that concern by practicing safe working habits for their own benefit, as well as that of their fellow employees, and the public. District policy and federal law requires that employees be provided places of employment free from recognized safety hazards and with proper tools and equipment necessary to accomplish their work assignment in as safe a manner as possible. Employees are required to notify their Supervisor immediately whenever they have a question that concerns safety.

2. Injury and Illness Prevention Plan (IIPP)

Employees are required to actively participate in the review of, the District's plan with the District Safety Officer or his/her designee and must follow the plan. Further, employees must be proactive in identifying and avoiding potential safety hazards and immediately report any concerns to a supervisor or the District Safety Officer/designee. The District intends to comply with applicable federal and state laws regarding illness and injury prevention and shall prepare an IIPP and name safety coordinator(s) as soon as practicable.

3. Accident Reporting

All job-related injuries and illnesses, regardless of severity, must be reported immediately to the Supervisor to provide prompt and trained evaluation and medical attention, if necessary.

4. Smoking in the Workplace

No smoking and/or use of e-cigarettes will be permitted in the District office or other District work spaces, District buildings, vehicles, and equipment or enclosed work areas. Smoking is allowed on breaks, with the designated smoking area defined as the gravel parking area adjacent to the airport, or if needed, shall be designated in non-work areas, by the District Administrator.

5040 - USE OF DISTRICT VEHICLES AND PROPERTY

1. District vehicles, equipment, tools and other property shall only be used for District business and operations. No District employee, Board member or member of the public shall use any such District property for any personal or non-District use.
2. Transportation in District vehicles of persons other than Directors, officers, employees, agents of the District, or authorized guests, is prohibited.
3. Exemptions must be pre-approved by the District Administrator or his designee and may be allowed for general public good will and the general benefit of the District.
4. Plant Superintendent shall be assigned a District vehicle and may drive said vehicle home as long as residence is within 30 minutes of assigned workplace and Plant Superintendent is able to arrive at District facilities within 35 minutes from the time of leaving home.
5. The Superintendent may authorize employees on "Stand-by Duty" to drive a District vehicle home as long as their residence is within 30 minutes of their assigned workplace.
6. The use of a take home vehicle is a noncash fringe benefit subject to income tax as determined by the IRS. By the commuting rule, each direction of an employee's commute using a business vehicle is considered \$1.50 in wages.

5050 - APPEARANCE AND CONDUCT

Conduct, dress and appearance is important to the success of both the employee and the District. Each employee is expected to be neat in appearance and dress. All employees shall conduct themselves in a manner that will reflect creditably and favorably on the District. In dealing with the public, all employees will maintain a polite and helpful attitude.

1. Facial hair requirements – If job or safety related pursuant to OSHA standards.
2. Uniform policy – pursuant to District standards as required for operators.

5060 - SUBSTANCE ABUSE

1. Purpose

The purpose of this policy is to assure a work environment that is free from the illegal possession and/or use of alcohol, illegal drugs, or controlled substances. Additionally, the use of, and being under the influence of, alcohol and/or controlled substances on the job detrimentally affects the work performance, safety, security, and public confidence of employees and the health and welfare of the public served by the District.

The Board of Directors for the District has a vital interest in the protection and health and safety of customers and the public from hazards relating to substance abuse. Further the Board is concerned with the physical safety of all employees, potential damage to property and equipment, mental and physical health of employees, productivity and work quality, medical insurance costs, and the harm done to employees and their families by the inappropriate use of controlled substances.

2. Policy Statement

The unlawful possession, sale, use and/or transportation of narcotics, drugs, controlled substances, or alcoholic beverages by employees while on duty, driving a District vehicle, or on District property is illegal and forbidden. Further, no employee shall report to work under the influence of narcotics, drugs, controlled substances, whether prescribed or not, alcohol, or any other substance which may impair the employee's judgment and ability to perform his/her job in a safe and efficient manner. Violation of this stated Substance Abuse Policy may result in not being hired, or disciplinary action, up to and including termination of employment, even for a first offense.

This policy applies to all full-time and part-time District employees and volunteers conducting District business on or off site, and to all applicants for positions with the District.

3. Definitions

- A. CHEMICAL TESTING – the examination of blood, breath, or urine to determine if a person has used the prohibited materials.
- B. CONTROLLED SUBSTANCE – a drug substance or immediate precursor listed in any schedule in the California Health and Safety Code.
- C. DISCIPLINARY ACTION – rules and regulations for taking disciplinary action as outlined in the District Disciplinary Policy.

- D. DRUG/SUBSTANCE – any drug or substance, which can negatively affect work performance.
- E. INTOXICATED/UNDER THE INFLUENCE – being affected by a prohibited material so as to noticeably impair physical coordination, balance, and control and/or to noticeably impair mental functions of judgment, decision making, memory, concentration, and cognitive problem solving. Performance is adversely affected by a drug/substance or alcohol, or a combination of a drug/substance and alcohol. Symptoms may include, but not be limited to, obvious impairment of physical or mental ability, such as slurred speech or difficulty in maintaining balance, as noted in the definition titled “Reasonable Suspicion,” Section 3-M.
- F. LABORATORY – State certified laboratory for sample testing.
- G. LEGAL DRUGS – includes prescribed drugs and over-the-counter drugs which have been legally obtained and are being used for the purpose and in the manner for which they were prescribed or manufactured.

- K. NEGATIVE DRUG TEST – a result that indicates that a specimen did not exceed specified cutoff levels.
- L. NON-NEGATIVE DRUG TEST – the initial test result was at or above the specified cutoff levels and will require further review to determine the cause of the result. A non-negative result can also mean that a specimen was adulterated (tampered with), substituted or invalid. A non-negative test result shall be considered the same as a positive test result.
- M. REASONABLE SUSPICION – is a belief based on objective and articulable facts sufficient to lead a reasonably prudent person to suspect that an employee is under the influence of drugs or alcohol so that the employee's ability to perform the functions of the job is impaired or so that the

employee's ability to perform his/her job safely is reduced. Examples may include, but are not limited to, any of the following, that alone or in combination, may constitute reasonable suspicion:

- 1) Aberrant or unusual behavior affecting:
 - Appearance, behavior, speech, awareness, motor skills, balance
 - Alcohol on breath;
 - An accident involving District property;
 - Physical altercation;
 - Verbal altercation;
 - Lethargy or grogginess;
 - 2) Behavior which is so unusual that it warrants summoning a supervisor or anyone else with authority;
 - 3) Possession of alcohol or drugs;

- O. SUBSTANCE ABUSE PROFESSIONAL (SAP) – is a person who evaluates employees who have violated a drug and alcohol program regulation and makes recommendations concerning education, treatment, follow-up testing, and aftercare.

4. Prohibited Conduct.

Although the recent passage of California Proposition 64 allows for recreational use of marijuana, it does not amend, repeal, affect, restrict or pre-empt the rights and obligations of employers to maintain a drug and alcohol free workplace. Under the federal Controlled Substances Act, marijuana remains an illegal substance.

Violation of any of the following rules will result in disciplinary action up to and including termination of employment:

- A. Possessing, using, manufacturing, distributing, dispensing, selling or purchasing illegal drugs or other controlled substances while on the job or off the job.
- B. Conviction or a plea or "no contest" to any of the offenses stated in subparagraph A. above.
- C. Possessing or drinking alcoholic beverages, while on duty and/or on the

premises of the District.

D. Driving a vehicle on District business while under the influence of alcohol (as defined by the California Vehicle Code), or illegal drugs or other controlled substances.

E. Reporting to work while under the influence of alcohol, or any illegal drug or other controlled substances.

For the purposes of applying this policy:

I. Being under the influence of drugs and/or other controlled substances means being impaired in any way from fully and proficiently performing job duties and/or having a detectable amount of said substance in one's body.

II. Being under the influence of alcohol means being impaired in any way from fully and proficiently performing job duties, and/or having a 0.00 percent or more, by weight, of alcohol in one's blood.

5. Voluntary Assistance

Employees with substance abuse (i.e., alcohol/drug abuse) problems are encouraged to voluntarily seek assistance. An employee will not be disciplined because he/she voluntarily requests assistance for a substance abuse problem and information gathered from employees seeking voluntary assistance will be treated as confidential and will only be provided to those persons who, for business reasons, have the need to know such information. This would include providing information necessary for management to administer disability benefits, apply for work restrictions, assure compliance with treatment, or administer discipline consistent with the terms of this policy.

However, seeking assistance or raising any claim related to substance abuse does not relieve an employee of his/her responsibility to meet the District's performance, safety or attendance standards, does not relieve an employee of his/her responsibility to adhere to this policy and does not insulate the employee from discipline for reasons other than seeking assistance for a substance abuse problem.

Employees who have a problem with alcohol or drugs and who decide to enroll voluntarily in an accredited alcohol or drug rehabilitation program will be considered for an accommodation of unpaid leave to participate in the program. The District Administrator will determine whether the District can accommodate the employee for the duration of leave for the time necessary as deemed by the treating physician and/or Substance Abuse Professional, on a case by case basis; as the depth of drug use can determine the length of the program. The employee

may use any accrued sick leave or vacation benefit while on leave provided they provide proof of consistent participation and completion of the rehabilitation program. However, additional benefits will not be earned during the leave of absence unless the employee is eligible for benefits applicable to other medical leaves as provided in District policies.

Accommodations: Nothing in this policy is intended to diminish the District's commitment to employ and reasonably accommodate qualified disabled individuals. The District will reasonably accommodate qualified disabled employees who must take legal drugs because of their disability and who, because of their appropriate use of such drugs, cannot perform the essential functions of their positions without reasonable accommodation. Any documentation of the Interactive Process to discuss and consider reasonable accommodations shall be filed in a confidential medical file for the employee. (See Section 12. Confidentiality subsection below.)

The District is not obligated, however, to continue to employ any person whose performance of essential job duties is impaired because of current drug or alcohol use, nor is the District obligated to re-employ any person who has participated in treatment and/or rehabilitation if that person's job performance remains impaired as a result of dependency. Nor is the District obligated to accommodate current usage of illegal drugs or alcohol.

6. Required Notice of Prescription or Over-the-Counter Drug Use.

The use of either prescription or over-the-counter drugs or medication may impair an employee's ability to work safely and efficiently and create an unsafe work environment. In order to assure that employee performance on the job is not misconstrued and to assure a safe and efficient work environment, employees using either prescription or over-the-counter drugs or medication which may impair their judgment, or ability to work safely and efficiently must inform their supervisor prior to their first work assignment after taking the drug or medication. Management may direct the employee to provide written documentation from his/her medical professional that the employee does not pose a threat to his/her own safety, or the safety of co-workers or the general public, and that the employee's job performance is not impaired by the legal drug with or without an accommodation. By fulfilling this obligation, employees will avoid disciplinary action for failure to notify supervision.

7. Applicant Testing.

A. All offers of employment are contingent upon an applicant's passing a test to determine whether alcohol, illegal drugs or controlled substances are present in his/her body.

B. If an applicant is found to have falsified, substituted, adulterated, diluted,

or in any way tampered with any sample of a body fluid (urine/blood/saliva) associated with testing for substances, he/she will not be hired.

C. Applicants whose final results are positive or non-negative for substance abuse will not be allowed to re-apply for employment or be offered employment at the District for a period of 24 months.

8. Drug and Alcohol Testing under Reasonable Suspicion.

If the District directs an employee to undergo drug or alcohol testing based upon a reasonable suspicion, the employee will be placed on unpaid leave from the time of the initial testing until test results are received and reviewed by the District. In the event drug and alcohol screen results are negative, the District shall convert the unpaid leave to a paid leave.

A. Where management has reasonable grounds to believe that the employee's faculties are impaired on the job due to drug or alcohol abuse and such impairment presents a clear and present danger to the physical safety of the employee, co-workers or the public, management will require the employee to submit to a medical evaluation, including substance abuse testing.

B. Where an employee is directly involved in an accident on the job and management has reasonable grounds to believe that the employee's faculties were impaired due to drug or alcohol abuse, management will require the employee to submit to a medical evaluation, including substance abuse testing, as part of the accident investigation or benefit plan administration process.

C. A refusal to test shall be treated the same as a positive test result. In the circumstances specified in Section 6(A) and (B), an employee who refuses to submit to a medical evaluation, including substance abuse testing, or who tests positive or non-negative for substance abuse will be subject to discipline up to and including termination of employment. An employee engaging in conduct that obstructs the testing process will be deemed as refusing to test. A supervisor engaging in conduct that interferes with the testing process will be subject to discipline up to and including termination of employment.

9. Scope of Medical Testing and Evaluations.

A. Employees shall immediately submit to all medical examinations and testing required by this policy and shall be transported to the test site accompanied by a Supervisor.

B. Immediately prior to reporting for a drug/alcohol testing, all employees shall complete a Consent and Release Form to be kept on file in the District

office.

C. The scope of tests performed shall be for the purpose of detecting and identifying the presence of alcohol and/or drugs and not for the purpose of detecting and identifying any other medical condition.

10. Employee's Right to Challenge the Results of a Positive or Non-Negative Substance Abuse Test

In all cases where employees are tested for substance abuse, and the test is positive or non-negative, they have the right to challenge the results of the test at a qualified facility of their choice at District expense if an adequate quantity of body fluid is provided. This second test is a confirmatory test that must be performed with the same sample of body fluid utilized for the first test. If the confirmation test is positive or non-negative, the employee may re-test the sample at a qualified laboratory of his/her own choosing and at his/her own expense.

Employees shall provide, within three (3) business days of request, proof of a current valid prescription for any drug or medication identified when a drug screen/analysis is positive. The prescription must be in the employee's name.

11. Discipline

Discipline procedures will comply with Section 5020.

12. Searches

Management reserves the right, in accordance with applicable state and federal law, to conduct searches of District premises and property for the purpose of protecting the safety and well-being of its employees, customers and the public; for the purpose of conducting work-related, non-investigatory intrusions; to conduct investigations of work-related misconduct; and for the purpose of preventing criminal activity on District premises. The District has a right to place in custody of law enforcement authorities any suspected illegal or controlled substances or contraband discovered on the District's premises.

Lockers, desks, and storage areas are the property of the District and must be maintained according to the District's standards. All such areas must be kept clean and are to be used only for work-related purposes. The District reserves the right, at all times and without further notice, to conduct searches and inspections of any or all lockers and other District property for the purposes of determining if this Policy has been violated.

All vehicles and containers, including but not limited to, bags, boxes, purses, lunch pails, brought onto the District's premises, are subject to inspection at any time an authorized representative of the District has a reasonable suspicion that a District

rule, policy, or regulation has been violated and such an inspection is reasonably necessary in the investigation of such violation(s).

Any search of an employee's personal possessions will be consented to in writing and conducted in the presence of the employee. Such inspections will be conducted, to the extent reasonably possible, in a manner designed to preserve the dignity of the employee. Inspections will be done in a private area, and in the presence of a member of the same sex. A represented employee may request a shop steward or other non-union representative be present for the inspection. An employee who refuses to consent to such an inspection may be subject to disciplinary action up to and including termination of employment.

Supervisors shall not physically search employees; however, a supervisor may detain an employee with pay for a reasonable period of time to allow for arrival of law enforcement officials.

13. Overview of Alcohol/Drug Testing Protocol

A. Laboratory Certification:

All laboratories used to perform urine testing pursuant to this program will be certified under the National Institute on Drug Abuse guidelines developed for the Department of Health and Human Services.

B. Testing:

In testing samples, the testing laboratory will test specifically for alcohol and/or those drugs and classes of drugs required by South San Luis Obispo County Sanitation District Alcohol and Drug Testing Protocols.

The current panel of drugs which will be tested for are as follows:

- Alcohol
- Amphetamines
- Barbiturates
- Benzodiazepines
- Cannabinoids (Marijuana)
- Cocaine
- Methadone
- Methaqualone
- Opiates
- Phencyclidine
- Propoxyphene

C. Split Sample:

If the employee provides enough urine for a second sample, there will be a split sample option available. When a test kit with two samples is received by the laboratory, one sealed urine specimen bottle shall be removed immediately for testing. The remaining urine sample shall be immediately

placed in secure refrigerated storage.

D. Confirmatory Test:

All Specimens which test positive or non-negative on the initial test will be confirmed using a second more specific gas chromatography/mass spectrometry (GC/MS) test.

E. Medical Review Officer Involvement:

After a laboratory confirmed positive or non-negative test, employees, where appropriate, will be afforded an opportunity to have a Medical Review Officer review their medical history and other relevant medical data at the employee's expense. The Medical Review Officer will be a licensed physician, knowledgeable in drug pharmacology and drug abuse disorders, and may be an employee or independent contractor. The interview with the Medical Review Officer may be conducted by telephone. If the Medical Review Officer determines and reports that a test is positive or non-negative, upon request of the employee, an aliquot of the remaining urine specimen or the second sealed bottle will be forwarded to another NIDA approved laboratory of the party's choice for GC/MS confirmatory testing of the presence of the drug.

F. Reporting of Results:

All specimens that test negative on either the initial test or the GC/MS confirmation test shall be reported only as negative. Only specimens that test positive or non-negative on both the initial and the confirmation test shall be reported as positive or non-negative. In reporting a positive or non-negative test result, the laboratory will state the specific substance(s) for which the test is positive or non-negative and will, when requested by the Medical Review Officer, provide the quantitative results of both the screening and the GC/MS confirmation test, in terms of nanograms per milliliter. All positive or non-negative test results must be reviewed by the certifying scientist or laboratory director and certified as accurate.

G. Specimen Retention:

All specimens deemed positive or non-negative must be retained by the laboratory for a period of one year in a secure storage facility.

14. Confidentiality

It is the intent and obligation of the District to maintain complete confidentiality concerning the administration of this policy.

Information regarding chemical testing, laboratory reports or test results shall be included in a separate confidential medical folder contained for the employee. The reports or test results may be disclosed to District management on a strictly need-to-know basis and to the tested employee upon request. Disclosures, without patient consent, may also occur when: (1) the information is compelled by law or

by judicial or administrative process; (2) the information has been placed at issue in a formal dispute between the employer and employee; (3) the information is to be used in administering an employee benefit plan; (4) the information is needed by medical personnel for the diagnosis or treatment of the patient who is unable to authorize disclosure.

15. Non-Smoking Policy

The District is committed to a philosophy of good health and a safe workplace. In keeping with this philosophy, it is important that the workplace and office environment reflect the District's concern for good health. Smoking and use of e-cigarettes is therefore not permitted inside District buildings, vehicles, and equipment, or enclosed work areas. Smoking areas, if needed, shall be designated in non-work areas, by the District Administrator.

5070 - POLICY AND COMPLAINT PROCEDURE AGAINST HARASSMENT, DISCRIMINATION, AND RETALIATION

1. Purpose

The purpose of this Policy is to emphasize the District's commitment to: keeping its workplace free of harassment, discrimination, and retaliation; to define the District's policy and procedures regarding harassment, discrimination, and retaliation by or against any employee of the District; and to provide notice to all employees about said policy and procedures.

2. Policy Statement

District employees have a responsibility for maintaining high standards of honesty, integrity, impartiality and conduct to assure proper performance of the District's business and the maintenance of confidence of the public it serves.

This Policy establishes procedures for employees and applicants for employment who feel they have been subjected to harassment, discrimination, or retaliation to pursue their complaints.

This Policy prohibits employees (co-workers, supervisors, managers), elected or appointed officials, third-parties, vendors, or members of the public from harassing or discriminating against employees, applicants for employment, unpaid interns, or volunteers because of an individual's protected classification.

As part of the District's continuing efforts to ensure full equal employment opportunity and conform to Title VII of the Civil Rights Act of 1964, and pursuant to the guidelines issued by the Equal Employment Opportunity Commission, and the regulations issued by the California Fair Employment and Housing Commission, this Policy shall be distributed to all current and future employees. Title VII of the Civil Rights Act of 1964 is not a "general civility code." Therefore, claims of harassment, discrimination, or retaliation under this Policy must be found to be based on the employee's statutorily protected classification or activity.

The District's policy is one of "Zero Tolerance" for any form of discrimination, harassment, or retaliation. An employee who is determined to have discriminated, harassed, or retaliated against another person while pursuing a District activity, either on or off duty, or otherwise violated the provisions of this Policy, may be subject to disciplinary action, up to and including termination. In addition, an employee found to have submitted a capricious or malicious complaint may be subject to disciplinary action, up to and including termination, as such actions may also constitute prohibited harassment, discrimination, or retaliation.

For purposes of this Policy, and consistent with the District's "Zero Tolerance" policy, it is not necessary that the conduct complained about actually rises to the level of unlawful

harassment or retaliation for such conduct to be a violation of the District's Policy. Thus, even if objectionable conduct is determined not to be unlawful harassment or retaliation, the employee who engaged in such conduct may still be subject to remedial action and/or discipline up to and including termination in accordance with the District's Disciplinary Policy.

This Policy does not restrict nor inhibit any supervisor from their responsibility or in their ability to direct, critique, and discipline employees in a non-discriminatory manner.

3. Definitions

A) "Complaint" An allegation brought forth by an employee, that there has been a violation of this Policy.

B) "Discrimination" Treating an individual differently because of the individual's protected classification as defined in this Policy.

C) "Employee" For the purposes of this Policy only, an employee shall mean a paid District employee, an independent contractor substituting as a temporary District employee, a paid or unpaid Intern and/or a District volunteer.

D) "Harassment" For the purposes of this Policy, a form of discrimination consisting of unwelcome and unsolicited behavior which is taken because of an individual's statutorily protected classification and which is so severe and/or pervasive that it creates a hostile or abusive working environment and interferes with an employee's ability to do his or her job. An environment may be hostile if unwelcome behaviors, sexual or other, are directed specifically at an individual, or if an individual witnesses discriminatory harassment in his/her immediate surroundings.

Depending upon the severity of the circumstances, a single act of discriminatory harassment, as defined below, can violate this Policy. Forms of discriminatory harassment are:

1) Verbal Harassment. Includes, but is not limited to, speech, epithets, jokes, slurs, derogatory or other unwelcome comments communicated to or about the employee on the basis of an individual's protected classification. This might include inappropriate comments on appearance, including dress or physical features, or dress consistent with gender identification, or race-oriented stories or jokes.

2) Physical Harassment. Includes, but is not limited to, assaulting, excessive staring, inappropriate or offensive touching, impeding or blocking movement, or any physical interference with normal work or movement of the employee, when directed at the employee on the basis of an individual's protected classification. This includes pinching, grabbing, patting, propositioning, leering, or making explicit or implied job threats or promises in return for submission to physical acts.

3) Visual or Written Forms of Harassment. Includes, but is not limited to, derogatory material, posters, notices, bulletins, cartoons, drawings, or any pictorial or written depiction including, but not limited to: graffiti, reading materials, computer graphics, or electronic media transmissions, based upon an individual's protected classification.

4) Hostile Environment. A work environment that is permeated with insults or abuse, sexually oriented talk or innuendo, not relevant to the subject matter of the job and based upon an individual's protected classification. An environment may be hostile if unwelcome behavior is directed specifically at an individual or if the individual merely witnesses discriminatory harassment in his or her immediate surroundings. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual's work.

E) "Protected Activity" Any action that an employee is permitted to engage in under the law in his/her capacity as an employee and includes, but is not limited to filing a complaint with a federal agency, state enforcement or administrative agency, or the District; opposing harassment; participating or cooperating in an investigation regarding alleged activities in violation of this Policy; providing informal notice to the District regarding alleged activity in violation of this Policy; calling a governmental agency's "whistleblower hotline."

F) "Protected Classifications" Includes race, color, ancestry, national origin, religion, creed, age (over 40), mental and physical disability, sex, gender (including pregnancy, childbirth, breastfeeding or related medical conditions), sexual orientation, gender identity, gender expression, medical condition, genetic information, marital status, military and veteran status, or any other basis protected by California or Federal law.

G) "Retaliation" An adverse employment action that is directly and causally related to the protected activity by an employee. Adverse employment action can include, but is not limited to, spreading rumors about a complaint, shunning and avoiding an individual who reports harassment or discrimination, or real or implied threats of intimidation to prevent an individual from reporting harassment, discrimination, or engaging in a protected activity as defined by this policy.

H) "Sexual harassment" A form of harassment on the basis of gender, which may involve the behavior of a person, against a person of the opposite or same sex, and occurs when such behavior constitutes unwelcome sexual advances, unwelcome requests for sexual favors, and other unwelcome verbal, physical, or visual occurrences of a sexual nature. This may include situations which began as reciprocal attractions, but later ceased to be reciprocal. In addition to those examples set forth below in the Guidelines for Identifying Harassment, examples of sexual harassment include:

Quid Pro Quo Sexual Harassment:

Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;

Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting the individual's welfare.

Hostile Environment Sexual Harassment:

An unwarranted focus on sexual topics or sexually suggestive statements in a work setting, which has the purpose or effect of substantially interfering with an individual's welfare or work performance, or creates an intimidating, hostile, offensive, or demeaning work environment.

4. Guidelines for Identifying Harassment

To help clarify what constitutes harassment in violation of this Policy, use the following guidelines:

A) Harassment includes any conduct which would be "unwelcome" to an individual of the recipient's same protected classification and which is taken because of the recipient's protected classification.

B) It is no defense that the recipient appears to have voluntarily "consented" to the conduct at issue. A recipient may not protest for many legitimate reasons, including the need to avoid being insubordinate or to avoid being ostracized.

C) Simply because no one has complained about a joke, gesture, picture, physical contact, or comment does not mean that the conduct is welcome. Harassment can evolve over time. The fact that no one is complaining now does not preclude anyone from complaining if the conduct is repeated in the future.

D) Even visual, verbal, or physical conduct between two individuals who appear to welcome the conduct can constitute harassment of a third individual who observes the conduct or learns about the conduct later. Conduct can constitute harassment even if it is not explicitly or specifically directed at an individual.

E) Conduct can constitute harassment in violation of this Policy even if the individual engaging in the conduct has no intention to harass. Even well-intentioned conduct can violate this Policy if the conduct is directed at, or implicates a protected classification, and if an individual of the recipient's same protected classification would find it offensive (e.g., gifts, over attention, endearing nicknames).

5. Publication of Policy

A) All employees shall be informed of the District's Policy and Complaint Procedure. Also, said policy and complaint procedure shall be readily available to all employees and

members of the general public utilizing the District's facilities and services.

1) All new employees shall be given a copy of this Policy at the time of hiring and shall sign an acknowledgment of understanding this Policy and as receipt of the copy. In addition, the Department of Fair Employment and Housing brochure on sexual harassment (Form DFEH-185) shall be distributed to all new employees

B. The District Administrator shall be available to answer questions of District employees regarding this District Policy.

6. Responsibilities

A) Individual Employees

Employees should note that courts have ruled that a sexual harasser may be found personally liable to the victim of the harassment. As such, all employees are responsible to:

1. Act professionally and refrain from discriminatory, harassing or retaliatory conduct;
2. Understand and follow the District's Policy and Complaint Procedure;
3. Promptly report any conduct which fits the definition of discrimination, harassment, or retaliation as defined herein, including but not limited to: sexual harassment, verbal harassment, and physical harassment. The report should be made to the supervisor(s), or appropriate authority figure, as provided in this Policy, whether or not reported by the individual who is the object of the harassment;
4. Seek clarification of this Policy, and sign a form which acknowledges that s/he has read and understands the District's Policy and Complaint Procedure;
5. Cooperate with any investigation of any alleged act of discriminatory harassment or retaliation, conducted by the District or its agents, including producing and not destroying any evidence relevant to an investigation of harassment discrimination;
6. Maintain confidentiality of any investigation that the employer conducts by not disclosing the substance of any investigatory interview, except as directed by the District Administrator or Chair of the Board of Directors/Chair/s designee (in the event the complaint involves the District Administrator).
7. Not use peer pressure to discourage employees who believe they are the victims of or have observed harassment, from complaining to the appropriate authorities regarding the harassment.

B) Management and Supervisory Employees

In addition to the responsibilities listed above for individual employees, management and supervisory personnel are responsible to help prevent harassment, discrimination, and retaliation in their departments and areas of responsibility. In that regard, managers and supervisors are to:

1. Inform everyone who works for them that discrimination, harassment and retaliation is against the law, is a form of employment discrimination, and that the District may be held responsible if any District employee is found guilty of harassment.
2. Ensure that supervisory staff receives the appropriate training with regard to this Policy and demonstrate an understanding of this subject matter, including the provisions of this Policy. The District shall provide at least two hours of classroom or other effective interactive training and education regarding sexual harassment to all supervisory employees. Such training shall be required every two years. Newly hired supervisors shall receive training within six months after assuming a supervisory position. Furthermore, supervisors are responsible to avail themselves of training opportunities.
3. Establish and communicate that all staff shall adhere to a standard of conduct that promotes a work environment free of harassment.
4. Be responsive and take immediate documented steps to report complaints, observations, or knowledge of harassment in a confidential manner. Immediately notify the District Administrator, or the Chair of the Board of Directors/Chair's designee (in the event the complaint involves the District Administrator) of any allegations or observations of Policy violations. Cooperate to resolve the complaint effectively and as quickly as possible. Consult with the District Administrator, or Chair of the Board of Directors/Chair's designee (in the event the complaint involves the District Administrator) immediately should any questions arise.
5. Inform all employees about the District's Policy and Complaint Procedure.
6. Understand that managers and supervisors are held to a higher standard in regard to workplace conduct; therefore, they must set the example, and as such, must promote a workplace free from harassment and retaliation and not engage in actions or behaviors that violate or encourage violation of this Policy. For this reason, romantic or sexual relationships between supervisors and their subordinates are to be avoided. There is an inherent imbalance of power and potential for exploitation in such relationships. The relationship may create an appearance of impropriety and lead to charges of favoritism by other employees.
7. Be aware that managers and supervisors are responsible for acts of illegal harassment in the work place by employees and non-employees, and become personally liable when the manager/supervisor knows, or should have known, of the conduct but fails to take immediate and appropriate corrective action.

The District will take disciplinary action, up to and including termination, against any supervisor who fails in his/her responsibility to take immediate action in response to an employee's complaint of harassment, or conduct related to harassment, about which the supervisor has knowledge, or should have knowledge.

C) District Administrator or Chair of the Board/Chair's designee (in the event the complaint involves the District Administrator)

Any individual who discusses the content of an investigatory interview will be subject to discipline or other appropriate sanction. The District will not disclose a completed investigation report except, as it deems necessary to support a disciplinary action, to take remedial action, to defend itself in adversarial proceedings, or to comply with the law or court order.

B) Within seven (7) working days of receipt of a formal or informal complaint, even if it is withdrawn, an objective investigation shall be commenced by the District Administrator. In the event the District Administrator is personally involved in said complaint, the investigation shall be commenced by the Chair of the Board of Directors or his/her designee.

1) The District Administrator or Chair of the Board or his/her designee (in the event the complaint involves the District Administrator) shall provide the complainant with a timely response indicating that the complaint has been received and that a fair, timely, and thorough investigation will be conducted by impartial and qualified personnel. The District Administrator shall have the ability to temporarily suspend any volunteer involved in any aspect of the harassment complaint, until the complaint is resolved. The District Administrator shall also have the authority to impose reasonable and lawful requirements upon employees, regarding workplace behaviors, while a harassment complaint is being investigated and resolved. Such actions will ensure that employees conduct themselves appropriately and in a manner to be reasonably expected in the work environment. These provisions are intended to encourage the continuation of a harmonious work environment, while a harassment complaint is being investigated and resolved.

10. Disciplinary Procedures and Completion of the Investigation

If it is determined that a policy violation has occurred, effective remedial action will be taken in accordance with the circumstances involved. Any employee determined to be responsible for a violation of this Policy will be subject to appropriate disciplinary action, up to and including termination. The remedial action will be commensurate with the severity of the offense; however, the level of action will not be communicated to the complainant. Rather the complainant shall be notified that the investigation was concluded and the allegations findings were determined to be unfounded, exonerated, sustained or not-sustained.

A) Appropriate action shall be taken based on the results of the investigation.

B) Action taken to remedy a discrimination, harassment, retaliation situation shall be done in a manner so as to protect potential future victims.

The District Administrator or Chair of the Board/Chair's designee (if the complaint involves the District Administrator) is the final level of investigation and complaint resolution. The District Administrator shall have the authority to determine what action will be taken. In such cases where the complaint involves the District Administrator, the authority to recommend what action to take shall rest with the Board of Directors, who shall take appropriate action.

11) Outside the Scope of Employment

Courts have ruled that an employee found to have committed illegal harassment may be found personally liable to the victim of the harassment. Furthermore, any employee committing harassment, as defined in this Policy, will be deemed by the District to be acting outside the scope of his or her employment, volunteer activity, or official capacity.

12) Outside Agencies

Utilizing this Policy and procedure does not waive an employee's right to pursue action with the agencies listed below or to initiate civil action. However, in order to give the District the opportunity to internally correct discriminatory or harassing situations, employees are encouraged to follow the complaint process as described in this Policy. Employees may also direct their complaints to the following external agencies:

5080 – Political Activities

1. Purpose:

The purpose of this policy is to address political activities by District elected and appointed officials (public officers), and/or employees, (including interns and volunteers).

2. Policy Statement:

State law places strict prohibitions on local agency public officers' and employees' use of political activities and/or solicitation of political contributions. When a question arises between a public officers' or employee's official duties and his/her rights as a private person, individuals must first seek clarification, prior to taking any action that may erode the public trust, or potentially be in violation of this policy.

"Public resources" Any property or asset owned or controlled by the District, including, but not limited to, land, buildings, facilities, funds, equipment, supplies, telephones, computers, electronic devices, vehicles, travel, and District compensated time.

4. Procedures:

5090 – FITNESS FOR DUTY

1. Purpose

The South San Luis Obispo County Sanitation District seeks to provide a work environment that is safe for all employees. 2. Policy Statement

When there is reason to believe that an employee's physical or psychological health is impaired to the extent that it affects his or her job performance of essential functions or presents a direct threat to his or her own safety or the safety of others, a fitness for duty evaluation may be conducted.

The purpose of the fitness for duty evaluation is:

- A. To determine if the employee is medically able to perform his or her job duties in a safe and efficient manner, and;
- B. To help the employee obtain appropriate treatment or reasonable accommodations, if necessary, so that the employee can successfully return to work with the District whenever possible.

3. Procedure

If, in the opinion of the District Administrator, an employee is having difficulty performing the essential duties of his/her position due to suspected physical or mental health problems, the employee may be required to submit to a medical examination designated or approved by the District Administrator to determine fitness for continued employment.

The employee may be placed in a modified assignment or on paid administrative leave during the time the fitness for duty evaluation is conducted.

After the designated physician completes the examination, he or she will prepare a confidential report to the District Administrator indicating whether the employee is able to return to full duty or not; what restrictions, if any, apply; and any recommendations for reasonable accommodation if applicable.

If the examination finds the employee requires a reasonable accommodation to perform the essential functions of the position for continued employment, the District Administrator shall extend the opportunity to the employee to engage in a good faith interactive process to determine what if any reasonable accommodations may be made.

4. Confidentiality

Medical information pertaining to District employees is strictly confidential. Any information generated for the fitness for duty evaluations shall be restricted, with access only on a need-to-know basis, limited to those individuals engaged directly in the interactive process. The results of the fitness for duty examination and any related documentation will be retained only in the employee's confidential medical file.

All employees should understand that any information kept on the District's computer systems may be electronically recalled or recreated regardless of whether it may have been deleted or erased by an employee.

The District periodically backs-up all computer files and messages, and due to the way in which computers re-use file storage space, files and messages may exist that are thought to have been deleted or erased. 4. SAFETY

The use of personal devices, including cell phones is expressly prohibited while driving on District time. Although state law allows for use of a wireless telephone or electronic wireless communications device specifically designed and configured to allow voice-operated and hands-free operation, even use of a voice activated wireless device while driving may be a distraction while driving. Therefore, employees must pull off to a reasonably safe location, and stop as soon as it is safe to do so, to place or accept phone calls.

Texting while driving or operating machinery is prohibited.

Employees are to be proactive in using safety precautions relative to use of cellular phones or other devices.

5. DISTRICT ISSUED DEVICES

Where job or business needs demand immediate access to an employee, the District may issue a District-owned and serviced cell phone to an employee for work-related communications.

District issued cellular phones and/or wireless devices shall remain the sole property of the District and shall be subject to inspection and/or monitoring (including related records including text messages) at any time. Employees in possession of District equipment such as cellular phones are expected to protect the equipment from loss, damage, or theft. Upon resignation or termination of employment, or at any time upon request, the employee may be asked to produce the phone for return or inspection. The use of District issued mobile devices is a privilege and not a right.

A. Procedures

The District will maintain a minimum of two (2) cellular devices for staff use, when the assignment requires or may require the need to communicate electronically in carrying out duties.

1. Non-Exempt Staff – Employees assigned to Standby Duty or traveling in the field shall “check-out” a District issued device, prior to using it. When the assignment or fieldwork is completed, the device is to be immediately returned, by “checking-in” the device. Checkout and check-in shall be documented on a form provided by the District, which includes signatures and reflect dates of use.
2. Exempt Management Staff – In conducting District business, an exempt employee may choose to either be issued a District-provided cellular device; or use their own personal device and be reimbursed a reasonable percentage of the monthly cost, which may be subject to IRS regulations. Said employee shall complete an acknowledgment form, documenting which option is selected.

B. Usage

In order to avoid incurring a tax liability for the personal use of District equipment, such equipment should be used for business reasons.

All employees understand that while some de minimis personal use is inevitable, a District provided mobile device is intended for business calls. Employees are not authorized to conduct personal business on District time, and shall limit personal phone calls, or other personal business to breaks or meal periods. Call summary reports (i.e. number of minutes used) are distributed to supervisors on a periodic basis and are to be reviewed for reasonableness. **Employees will reimburse the District for any overage charges related to personal use**, including but not limited to, charges for long distance and/or roaming charges, overage charges, multimedia charges, and charges for directory assistance. The call detail records generated from assigned cell phones are considered records of the District and may, on occasion, be subject to internal and outside audits by the District and/or official agencies.

Users are not authorized to access any website using their District issued cellular/wireless device that would be a violation of the District’s Computer Systems, Email, and Internet Use Policy.

Use of cells phones, or other mobile device may create an overtime liability to the District, therefore, use is only by advance Supervisory approval.

6. PERSONAL DEVICES

The District will not be liable for the loss or damage of personal mobile devices brought into the workplace. Personal use of any mobile device, unless authorized (e.g., on Standby) is considered personal time.

Excessive personal use of cellular/wireless devices during the workday, regardless of the phone or device used, can interfere with employee productivity and be distracting to others. During paid work

time, employees must exercise the same discretion in using personal cellular/wireless devices as is expected for the use of any District telephone or computer.

A. Telephone Calls/Text Messaging

1. Employees must turn off ringers or change ringers to “mute/vibrate” on personal electronic devices, to avoid disruption in the workplace.

2. A reasonable standard the District encourages is to limit personal calls and/or text messaging during work time to an average of no more than two or three short-duration calls/exchanges per day when needed. Employees are to conduct personal business, during breaks and meal periods and to ensure that friends and family members are aware of the District’s policy.

3. Cellular phones may not be used at any work site where the operation of the phone is or may be a distraction or otherwise unsafe to the public or other employees.

4. When a situation exists that requires the employee to be available to outside callers, the employee is responsible for timely notification to their supervisor, to seek temporary authorization with regard to sending and accepting limited outside communications during productive time.

B. Prohibited Activities

In order to ensure a productive workday, the following use of a personal cellular/wireless device are prohibited during working hours:

1. Unless otherwise authorized, the use of cameras on cell phones during work time is prohibited to protect the privacy of the employer as well as of fellow employees;

2. Accessing the internet for non-work-related purposes;

3. Playing games;

4. Watching movies, television, sports, etc.;

5. Any activity that violates District policy, including accessing and/or distributing pornographic or harassing material;

6. Cellular telephones, or other mobile devices, may not be used to defame, harass, intimidate, or threaten any other person;

7. Employees are prohibited from using cell phones in any illegal, illicit or offensive manner.

7. PRIVACY

As with use of any communications device issued by the District, employees understand there is **no expectation or right of privacy**.

The District has the right to review all records related to District issued cellular and/or mobile devices.

Users should further be aware that in conducting District business, all records maintained by the District may be subject to discovery under the Public Records Act.

8. EMPLOYEE REIMBURSEMENT

The District will not be liable for the loss of personal cell phones or mobile devices brought into the workplace. Unless otherwise stated herein, employees are not authorized to use personal cell phones, or other devices in place of District provided equipment.

Employees may be reimbursed \$.45 per phone call, when the work-related use is necessary in carrying out work duties, and there is no other option for the communication.

Exempt employees choosing to use their personal device, rather than a District issued device, shall be reimbursed a reasonable percentage of the basic monthly cost, commensurate with frequency of use. The District may request proof of use (e.g., review of monthly phone bill) to determine a reasonable percentage.

9. POLICY VIOLATIONS

Employees who are charged with traffic violations resulting from the use of a cellular phone while driving on duty may be subject to disciplinary action and to personal liability resulting from such traffic violations and are responsible for paying the cost of the citation.

Policy violations shall be addressed with corrective measures appropriate to the situation; including but not limited to policy re-review, training; loss of privileges, and/or as applicable, disciplinary action up to and including termination of employment.
